STEAMER ASHORE NEAR CURRITUCK

German Tramp Roland Grounded on Carolina Coast Yestenday.

AWAITS HIGH TIDE TO FLOAT

Vessel is In No Immediate Danger and Weather is Good—Captain and Crew Remain on Board—Tug to Rescue.

Norfolk, Va., May 2.—Reports received here tonight indicate that the German steamship Roland, ashore on the North Carolina coast, near Currituck, 50 miles south of Cape Henry, will be floated tomorrow morning at high tide which is timed for 1:38 o'clock.

The last telegram to reach Norfolk from Currituck said that the Merritt and Chapman Wrecking Company's tug Rescue had succeeded in moving the steamer slightly and had gotten anchors out, and it was probable the ship would be floated as soon as the tide rose sufficiently. At the time the message was sent there was a light fog, and an east wind of only eight miles velocity.

The Roland, Capt. Meyer, from Galveston for Bremen with a cargo of cotton went ashore in a dense fog one mile north of the Currituck Life Saving Station Sunday night. Life savers went to the assistance of the crew at daybreak yesterday morning, but as the ship was in no danger and the weather not such as to warrant them leaving, Capt. Meyer and his crew decided to remain on board.

RULES AGAINST "TRUSTS."

Standard Ousted From Tennessee and Association is Disbanded.

Washington, May 2.—The hands of the States in their fight against "trusts" were upheld today by the Supreme Court of the United States with telling effect.

The association of retail lumber dealers in Mississippi and Louisiana was disbanded by affirmance of the decree of the Supreme Court of Mississippi, the Standard Oil Company, of Kentucky was ousted from Tenessee, by the approval of the decree of the Supreme Court of Tennessee. Both, the State courts had held, violated the anti-trust act of the respective States.

Justice Lurton announced the opinion of the court in the Mississippi case. It was his first utterance from the Supreme Court bench on the "trust" question. He said the members of the association had obligated themselves not to deal with any manufacturer or wholesaler in lumber who sold to consumers in the localities in which they conducted a business sufficiently large to meet the demands of the public.

He accepted the findings of the State courts and declared that it is an illegal combination and conspiracy under the Mississippi statute.

The proceedings in the Standard Oil case were begun in 1907 under the Tennessee anti-trust act.

The charges against the Standard originated out of a transaction at Gallatin, Tenn. The Standard, of Kentucky, had oil stored in tanks in Tennessee from which it procured a supply to serve merchants throughout various sections of the State. The Evansville Oil Company, of Evansville, Ind., sent a salesman to Gallatin to sell oil. He obtained a number of orders whereupon the agent of the Standard Oil offered to give the merchants ten gallons of oil per barrel to countermand their purchase orders with the Evansville Oil Company. Four of them accepted.

The Standard and two of its agents were indicted under the State anti-trust act. One of the agents was convicted, but the Standard escaped punishment on the ground that it could not be fined under the act but could only be ousted.

Ouster proceedings were then begun against it, the charges being based on the Gallatin transaction. The State courts issued an ousting decree from which an appeal was taken to the Supreme Court of the United States.

Justice Holmes announced the opinion of the court. All the contentions of the company were disposed of favorably to the State.

GRANITE PROPERTIES SOLD.

Brought $40,000 at Receiver's Sale at Salisbury.

Asheville, N. C., May 2.—Under an order issued by the United States Circuit Court a month ago the properties of the Esson Granite Company were sold at the receivers' sale at Salisbury today. The successful bidder was Charles J. Harris, of Dillsboro, who offered $40,000. The purchase included the plants of the Esson Granite Company, Granite Quarry, Rowan county; the Stacey Crushing plant at Stacey, the American Stone Company, at Granite, the Baufour Pink Granite quarries, the Dunn Mountain Granite Company, the Blair Granite Company and several hundred acres of valuable granite beds.

Kingston, Ja., May 2.—The body of the late Gen. Nord Alexis, former president of Haiti, will be transported to Haiti for interment.

TAFT TALKS ON FOREIGN AFFAIRS

Praises Knox and Discusses Relations Between American Republics.

A BUSY DAY IN PITTSBURG

President Referred Particularly to the Nicaraguan Situation—Founder's Day Speaker—Goes to Cincinnati.

Pittsburg, May 2.—President Taft ended his two days' stay in Pittsburg with a speech at the Grant Day dinner at the Americus Club tonight in which he dealt almost wholly with the foreign affairs of the nation. The President paid a striking tribute to the Secretary of State, Mr. Knox, who was present. He vigorously defended and justified the Secretary's Nicaraguan policy, flayed those who invented the phrase "dollar diplomacy" with the idea of bringing contempt to a policy in which he said the nation is vitally interested and concluded with the declaration that the record of the State Department during the first year of the present administration was one to which he pointed with the greatest pride.

The President's speech aroused the diners to a high pitch of enthusiasm.

Mr. Taft had an exceedingly busy day and was tired out when he retired on board his private car tonight preparatory to leaving at 2:30 A. M. for Cincinnati, where he is due to arrive at 10:25 A. M. tomorrow.

Count von Bernstorff, the German ambassador at Washington, who was in the Presidential party throughout the day, left with the President tonight for Cincinnati.

The President's day began with a brief address to the students of the Pennsylvania State College for women, where he told the young ladies that he was sure they were preparing themselves to take an important part in the life of the nation, whether they were allowed to vote or not. He next spoke at the Founder's Day exercises at Carnegie Institute, where he declared that in the development of the aesthetic this nation has much to learn from the older countries of Europe.

After luncheon at the University Club came the ball game between Pittsburg and Chicago teams of the National League.

During his entire day in Pittsburg President Taft was surrounded by hundreds of policemen and plain clothes men. At the baseball game it seemed as if half the spectators were wearing blue coats and helmets. The President was the speaker at the banquet.

He was preceded by Senator W. E. Borah, of Idaho, who made an eloquent address on the life of Grant. Secretary Knox and Count von Bernstorff also were among the speakers. Senator George T. Oliver, of Pennsylvania, was toastmaster.

President Taft declared in his address: "Never before in the history of the country have our relations with South and Central American Republics been more friendly than they are today.

"By tact and diplomatic guidance a war between Peru and Bolivia was averted and not a little of the credit for reaching an honorable and pacific settlement was due to the sensible and straightforward suggestion of our Secretary of State.

"The course of our State Department with respect to certain small Central American States has been subjected to criticism, which to me seems wholly unwarranted. Turbulence and unstable conditions in Central America are a perennial occupation to the Department of State.

"The great disturber of Central America in recent years has been Zelaya, the tyrannical and unprincipled President of the Republic of Nicaragua.

"It is undoubtedly true that the attitude of the United States toward Zelaya so injured his prestige and brought him so clearly to the bar of the public opinion of the world as an international criminal that he was obliged to abdicate and leave his government to a better man. It is hoped that the war between the factions is now drawing to a close and that a far better government may be established which shall have regard to the interests of its own citizens as well as of those of friendly nations.

"The leaders of both factions, Madriz and Estrada, have admitted the unjust character of the killing of Groce and Cannon. This government must consider at the proper time calling upon the government of Nicaragut, when one can be recognized, to make such reparation as shall seem to be just for this violation of American rights and to give adequate guarantees for the future observance and strengthening on the part of Nicaragut, the Washington conventions. Meanwhile pending the working out of the Nicaraguan situation we have saved further invasion of American rights and have indirectly accomplished the elimination of Zelaya and of Zelayaism. I think anyone who will analyze the Nicaraguan policy will see that it has brought about its exact and just and beneficent objects.

"The theory that the field of diplomacy does not include in any degree commerce and the increase of trade relations is one to which Mr. Knox and this administration do not subscribe. We believe it to be of the utmost importance that while our foreign policy should not be turned a hair's breadth from the straight path of justice, it may be well made to include the active intervention to secure for our merchandise and our capitalists opportunity for profitable investment which shall inure to the benefit of both countries concerned. There is nothing inconsistent in the promotion of peaceful relations and the promotion of trade relations."

Grizzled Athlete Ends Transcontinental Walk

WESTON REACHES NEW YORK

Ocean to Ocean Journey Came to Triumphant End Yesterday in New York—Received by Mayor Gaynor.

New York, May 2.—Cutting his way through a living mass of 20,000 cheering people, his locks bared to the breeze and his shuffling feet keeping time to the strains of the "Star Spangled Banner", Edward Payson Weston today brought to a triumphant end his ocean to ocean walk. He ascended the steps of the City Hall at 3:10 P. M., completing the trans-continental journey of 3,483 miles in 71 walking days, a feat without parallel in the annals of pedestrianism.

The grizzled athlete was welcomed to his home city by Mayor Gaynor who presented him with a purse of $400, hurriedly raised by a handful of his admirers in the last hours of his spectacular walk. This and the admiration and applause of the thousands who have followed his tramp since the day of its inception at Los Angeles on February 1st last, is all the reward that comes to the intrepid septuagenarian after his two months and more in trudging through heat and cold across the continent.

In the last stages of his walk from Yonkers, where he spent Sunday, into New York, Weston was the object of an ovation such as has rarely been accorded to any individual short of a victorious admiral or the Colonel of a Rough Riders' regiment. From 72nd street, down Broadway from curb to curb was black with moving thousands intent upon keeping sight of the white haired little man wabbling along in his peculiar jerky gait. As Weston finally turned into City Hall Park, black with thousands, he was visibly moved and it was with difficulty that he found voice to thank the Mayor for his words of greeting.

"I wanted to show to the youngsters what an old athlete of 72 years could do," he said. Then from the steps of the City Hall, he thanked the crowd for its welcome and expressed himself well repaid by their cheers for all his exertions. Later in the Mayor's private office he was presented with a gold championship belt by President P. T. Powers, of the Eastern Baseball League. It is the famous six-day-go-as-you-please championship belt, won by Dineen and Cavanaugh in 1902 and 1903, respectively.

In welcoming Weston, Mayor Gaynor said: "Mr. Weston, I am very happy to welcome you here and to express appreciation for what you have done. People ought to do like you and live as much as possible in the open air. If they did, many of them would live to be 100 years old."

With the speech over, his honor and Weston had a cup of tea together in the Mayor's office and the Mayor, who is an ardent walker, extended an invitation for Weston to visit his country place on Long Island.

CAROLINA POSTMASTERS.

Jessup at Hartford and Currie at Maxton—Both Confirmed.

Washington, May 2.—The Senate today confirmed the nominations of the following Southern postmasters: DeWitt C. Cole, Marietta, Ga.; Hervey D. Bush, Covington, Ga.; Joshua P. Jessup, Hertford, N. C.; and William M. Currie, Maxton, N. C.

STRIKE AT NEWBERN SHOPS

Norfolk & Southern Machinists Demand Better Pay—Twenty Workmen Quit—Gould Had Conference With Men.

(Special Star Telegram.)

Newbern, N. C., May 2.—Since Friday there has been a strike in the Norfolk & Southern Railroad shops. The trouble has been brewing some time and within the past few months one or two small strikes have taken place, but the trouble has been adjusted for a time.

It seems that the machinists, boilermakers, etc., on the Norfolk & Southern are paid less than on some other systems and the men asked for an increase from 31 cents to 35 cents per hour settling on Friday as the day for a reply. When none came about 20 men quit work and very little machine work is going on in the shops.

Mr. Gould, of Norfolk, supt. of motive power for the Norfolk & Southern, is here today and has had several conferences with the men. The final outcome of which has not been given out. Another meeting is to be held tonight.

SENATE CONFIRMS HUGHES.

Governor of New York Goes to Supreme Court Bench.

Washington, May 2.—Gov. Hughes, of New York, was today confirmed by the Senate to be Associate Justice of the Supreme Court of the United States to succeed the late Justice Brewer. Mr. Hughes was nominated by President Taft on April 25th, and favorable action upon the nomination was taken this morning by the Senate Judiciary Committee to which it was referred.

In accordance with the request of Senator Depew, of New York, that Governor Hughes confirmation should be prompt and unquestioned, the nomination was immediately acted upon. There was no opposition.

The action of the Senate completes the appointment of Governor Hughes to the Supreme Court bench and all that is necessary to enable him to take his seat there is the taking of the oath of office.

ALABAMA PRIMARY HELD YESTERDAY

O'Neal and Thomas for Governor and Lieutenant Governor.

VERY HEAVY VOTE POLLED

Nominations of Other State Officers Contest for Railroad Commissioner in Doubt—Contested District.

Montgomery, Ala., May 2.—Unofficial returns indicate that Emmet A. O'Neal, of Florence, and E. P. Thomas, of Eufaula, were nominated in a primary election today by the Democrats of Alabama to be Governor and Lieutenant Governor, respectively, of the State.

O'Neal made the race on the local option platform. He was one of the most active opponents to the State-wide prohibition amendment in the recent campaign.

Not in recent years has there been such a large ballot at the polls and definite returns may not be received until tomorrow. Enough is known, however, to warrant the assertion that O'Neal's majority over H. S. D. Mallory, of Selma, will not run lower than 20,000. Indications are that Thomas defeated his opponent, W. D. Seed, of Tuscaloosa, by a majority even larger than that given O'Neal. Early returns indicate the nomination of the following: Cyrus B. Brown, for Secretary of State; C. B. Smith for State Auditor; R. C. Brickell, for Attorney General; Henry J. Willingham, for Superintendent of Education; Reuben F. Keb, for Commissioner of Agriculture; J. R. Dowdell, for Chief Justice of the Supreme Court; John C. Anderson and Ormond Somerville, for associate justices of the Supreme Court, and John H. Bankhead, for United States Senator.

The contest for railroad commissioner and State Treasurer is in doubt. Leon McCord is nominated undoubtedly with the second place between Max Hamburger, Frank Julian and S. P. Kennedy. For treasurer John Purifoy appears to be in the lead with Wilkinson running strong.

The race in the Fifth Congressional district, the only contested district in the State, seems to have been won by Congressman J. Thomas Heflin, although his opponent, Judge A. J. Driver, has polled a heavy vote.

THE DAY IN CONGRESS.

Senate Passes Bill for Bureau of Mines—"Suspension Day."

Washington, May 2.—In addition to considering the railroad bill for two hours, the Senate today discussed at length and passed the bill creating a Bureau of Mines in the Interior department. The bill had received the sanction of the House and now only requires the signature of the President. The bill places the bureau in the hands of a director with a salary of $6,000 a year. Its purpose is to foster, promote and develop the mining industry of the United States, especially with reference to the safety of miners. It is also expected to give attention to the treatment of ores and the use of explosives. A long and short haul amendment to the railroad bill, prepared by Senator Dixey, was the subject of lively debate.

This was "suspension day" in the House and numerous bills were passed. Among them were measures to increase the personnel of the engineer corps of the army, to provide for additional lighthouse equipment, and to build a monument at Miday, Ala., to the memory of General Stewart, of Revolutionary fame, the great-great-grandfather of former President Roosevelt.

GLASS PLANT DESTROYED.

Loss Estimated at $1,500,000—3,000 Out of Work.

Ford City, Pa., May 2.—The factory of the Pittsburg Plate Glass Company, located here was destroyed by fire tonight. The loss is estimated at $1,500,000. Out of a population of 5,000 in the community, 3,000 men are thrown out of emplayment.

The three companies, on a special train were rushed from Kittanning and three others came from Wicksboro. A poor water supply hampered the fire fighters and two hours after the fire started, the entire community was threatened with destruction. Late tonight it was reported to the police that John Bible, 15 years old, was missing. He had started for the glass plant with his father's lunch, and has not been seen since. It is feared he has lost his life in the fire.

STONE AND DIEHL.

Re-Appointed Yesterday by Directors of Associated Press.

New York, May 2.—At a meeting of the board of directors of the Associated Press held today at the offices of the association in this city there were present Vice President Johnston and MacLennan and Directors Noyes, Ochs, Ridder, Scott, Nelson, McLean, Barr, Knapp, Clark, McClatchy, Rapier and Weiss. By the unanimous vote of all the members present Mr. Melville E. Stone was re-appointed general manager, and Charles S. Diehl, assistant general manager.

ANGOLA LANDS IN PENDER COUNTY

Party of Prominent Capitalists Come South on Big Reclamation Project.

ENTERTAINED AT BURGAW, N. C.

New Commercial Club Has as Guests Prominent Visitors From New York and Canada—Much Impressed With Opportunities.

(By Long Distance Telephone.)

Burgaw, N. C., May 2.—Burgaw and Pender county today had the pleasure of entertaining Messrs. Stewart and Larmont, of New York; Messrs. U. H. Dandurand and Chas. Osler, of Montreal, Canada, all prominent capitalists of their respective cities, and Mr. W. E. Hearn, a soil expert of the United States Department at Washington, the purpose of the visit of the distinguished Northerners being to inspect the vast tract of land known as Angola Bay, with a view of acquiring the property from the State, from which Messrs. Stewart and Larmont now hold an option.

The visitors arrived this morning on the train from the North and were met at the station in autos by the committee of entertainment from the Burgaw Business Men's Association, this committee being composed of Messrs. A. B. Croom, Jr., J. M. Myers and J. E. Williams, assisted by Messrs. W. L. Nunalee and Mack Nunalee, of Currie, who drove over in their car across the county. The party was extended a most cordial welcome to the town and county and after an elegant breakfast at the Black House, they motored over to the lands under consideration, entering the Bay on the old convict road leading from Croom's Bridge, the trip of about ten miles being made in remarkably fast time under ideal weather conditions. Dismounting from the cars the party explored the Bay for several miles, taking samples of the soil and making mental observations of the great opportunities for developing this great area of 47,000 acres of as fine agricultural soil as may be found anywhere under the proper reclamation. The soil was pronounced very fertile and the visitors expressed themselves as well pleased with the prospect.

After the inspection the party enjoyed a sumptuous luncheon taken out in the conveyances from the Black House and the committee spent some time in calling to the attention of their guests the great possibilities of the county. Returning to Burgaw, the party visited the St. Helena colony of the Carolina Trucking Development Co., and were most favorably impressed with what has been accomplished there in successful colonization. St. Helena showed results as populated by home builders and agriculturalists who are going about their work with practical ideas. To Mr. L. McNeill, editor of the Pender Chronicle and a member of the party, Mr. Dandurand stated that he believed the Angola tract possessed even greater susceptibility to colonization and successful agriculture than did the original site of St. Helena. From what your correspondent learned, the visitors were much impressed with what they saw and heard and it is believed that they will later exercise their option with the State and that they will undertake the giant colonization project which they have in mind, expending perhaps several million dollars in completing their plans for the reclamation of this bay

Mr. Dandurand is a realty expert and capitalist of Montreal in close touch with millions of eastern capital; president of the LaConte Ship Brake Co., and interested in various other large undertakings. He is a member of the common council of Montreal and a gentleman who impresses one as a man of thought and action. Messrs. Stewart and Larmon are the original promoters of the Angola bay reclamation project and have organized a syndicate for the carrying through of the project. They are men of action and it is believed they will succeed in this enterprise. Mr. Osler is an expert civil engineer and was one of the first Americans to explore Alaska. He represents large interests said to be identified with the Union Pacific and Canadian Pacific railroads, Mr. Hearne is a native North Carolinian and an expert of the Agricultural Department who is making good in his profession. Messrs. Stewart and Danduran left for Washington and New York tonight to meet important business engagements, but Messrs. Larmon, Osler and Hearne remain and will make a further excursion from another angle into the bay tomorrow, accompanied by Messrs. L. McNeill and J. E. Williams, of the Business Men's Association. The visitors have been most hospitably entertained by the commercial organization and it is believed they will return home with a most favorable impression of Pender and its enterprising people.

COOPER TRIAL IN JUNE.

Second Trial of Slayer of Former Senator Edward Carmack.

Nashville, Tenn., May 2.—The trial of Robin J. Cooper with the murder of former United States Sentator E. W. Carmack in this city November 9th, 1908, was today set for June 21st. Young Cooper was convicted in the criminal court and the case was recently reversed by the Supreme Court.

ALDERMEN MEET IN MAY SESSION

Wilmington City Fathers Pass Upon Number of Important Matters.

READY FOR NEW FISCAL YEAR

City Engineering Department Created and Duties of Engineer Defined—Appropriation for Press—Other Matters.

The Board of Aldermen of the city in regular monthly session for two hours and a half last night adopted an ordinance creating a city engineering department with a general definition of the duties of the engineer; appropriated without solicitation $500 for the entertainment of the press association this Summer; granted Captain Harper permission to use the wharf at foot of Princess street for a boat landing and acted upon numerous other matters of more or less importance.

The board met at 7:30 o'clock with Mayor MacRae presiding and all members present. After reading of the minutes Alderman Hall called attention to the fact that the Naval Reserves had been disbanded and that the last appropriation of $300 made by the city for the organization had been turned over to the State, it being used for the division. Upon motion Capt. E. A. Metts, of the W. L. I., was requested to write the Governor asking that the money be turned over to the W. L. I.

Chief of Police Williams stated the necessity of codifying the city ordinances and printing them in pamphlet form, declaring that none of the police knew all the laws that have been passed by the aldermanic body. Upon motion of Alderman Bonitz the matter of making an appropriation for this work was referred to the ordinance committee for investigation and report.

Under the head of reports, Chairman Bonitz, of the Streets and Wharves Committee, reported that he had granted the Tidewater Power Co. a temporary permit to construct a "turnout" on Third street, on the South Wilmington line, and recommended that the board allow the "turnout" to remain. A request to this effect was read from Mr. A. B. Skelding, general manager of the company. The recommendation of Alderman Bonitz was adopted.

Alderman Bonitz said that for some time the city had contemplated making some provision for stables and a barn to house the city teams, feed stuff, wagons, etc., and declared that there would be a saving to the city to feed its own teams and also that the teams would be better fed than by contract. Later on in the meeting Superintendent of Streets Grant made a further statement with reference to the importance of the city caring for its teams. Mr. Grant had two places in view—the rear of the Front Street market house and the building at Sixth and Campbell streets. Some of the members were of the opinion that the city should own its own stables and barn and a suggestion that the matter go over until later was adopted. It is expected that provision will be made for this in the budget for the next fiscal year. Mr. Bonitz also called attention to the need of at least another street sprinkler and stated that he would ask for an appropriation of $300 in the budget for the next fiscal year for this purpose.

Mayor MacRae reminded the chairmen of the various committees that they were expected to have their budgets ready for the Board of Audit and Finance by Wednesday of next week.

Chairman Ellis, of the Sanitary Committee, recommended that permsision be given the new owners of the Portner Brewing Co. property at Eighth and Brunswick to install a cess pool and suggested that they be requested to connect with a sewer as soon as practicable. The motion prevailed. Mr. Ellis reported that drain pipes had been put down at all places asked for except on Grace street and this would be taken up shortly.

Chairman Stone, of the Light Committee, reported the installation of a Tungsten light at Fourth and Parsley streets. Alderman Bonitz asked Mr. Stone if lights could not be installed at Walnut and Nutt streets and at 11th and Wooster streets, to which Mr. Stone replied that he hoped to cover these lights in the budget for the next year.

Chairman Fales, of the Market Committee, stated that all the butchers with the exception of Mr. J. J. Hopkins desired a change in the law with reference to market hours, it having been the custom heretofore to close during the Summer months at 11 A. M. and re-open at 4 P. M., instead of close at 12 and re-open at 3 as the present law provides. No action was taken, it being the sense of the board that butchers should present a petition covering any changes they desire.

Alderman Rehder offered an ordinance slightly changing the hog limits, the extension being principally in the vicinity of Ninth and Red Cross streets, which was unanimously adopted.

BASE BALL — RACING — THE RING

NATIONAL LEAGUE.

Pittsburg, May 2.—President Taft, Secretary of State Knox, and Count von Bernstorff, the German ambassador, were guests of the Pittsburg National League Baseball Club at Forbes' field this afternoon at a game in which the world's champions defeated Chicago 5 to 2. The distinguished guests hardly passed a remark during the game, but that they were quick to see the fine points was evidenced by the fact that they were first to applaud a brilliant play.

Wagner, who is said to be the President's favorite, made a brilliant showing, scoring two runs, making a two-bagger and a double play. Although the visitors hit oftener, the locals were more effective in placing them and took advantage of four errors by Chicago. Before the game the President wrote his best wishes and signature on two baseballs and presented them to Wagner and Manager Clarke, of the Pittsburg club. Over 20,000 people saw the game.

Pittsburg	020	100	20x	5	6	0

Chapel Hill, N. C., May 2.—In a rather slow game this afternoon, featured by several sensatonal plays and the hitting of the local team, Carolina easily defeated the Central University of Kentucky by the score of 5 to 3. The visitors started out strong, the first man up hitting safe. The second man attempted to sacrifice and Stewart thinking the bunt a foul did not throw it, both men being safe. Webber bunted a similar one and Stewart again held the ball thinking it a foul. The bases being full with on one out, it looked bad for Carolina, but the agony was ended when Seelback hit a bounder over the pitcher and Williams recovered it doubling the runner at first who threw to Buie at home completing the only triple play pulled off here this year, and allowing only one man to cross the pan. An error, a stolen base and a hit scored another for Kentucky in the second while a base on balls, a sacrifice and hit added another in the third. After this inning Stewart tightened up and the visitors did not get a hit. Hits by Hamilton and Bivens and a sacrifice by Duncan coupled with a wild throw scored a tally for Carolina in both the second and third. In the sixth the game was cinched when Stewart and Hamilton singled. Hackney sacrificed and on an attempted squeeze play Fagan threw wild and Stewart scored. Rose was safe on fielder's choice and Bivens singled, Hamilton scoring. Still another was added in the seventh when Williams hit hard to left field and went to third on fielder's error, coming home on passed ball. The features of the game were a remarkable running catch in center by Hackney of a hard drive and the hitting of Hamilton and Bivens for Carolina. Buie played a good game behind the bat. Score:

Kentucky	111	000	000	3	5	5
Carolina	011	002	10*	5	8	2

Batteries: Fagan and Seelback; Stewart and Buie.

Summary— Struck out by Fagan 3, by Stewart 10; base on balls, of Fagan 2, off Stewart 2; sacrifice hits, Webber, Duncan, Hackney and Rose; stolen bases, Pritchard, Buie, Hamilton, Rose and Bivens; time, 1:55; Umpire Wrenn; triple play, Williams to Hamilton to Buie.

A. & M. DEFEATS EASTERN.

Slow and Listless Game Resulted in Score of 1 to 0.

(Special Star Telegram.)

Ralegh, N. C., May 2.—In the slowest and most listless game of the season A. & M. defeated the Eastern College, of Virginia, here this afternoon by the score of 1 to 0. The only feature of the game was the pitching of Stafford for A. & M., who struck out 14 men and allowed only four hits. Score by innings:

Eastern	000	000	000	0	4	2
A. & M.	000	001	00*	1	5	2

Batteries: A. & M., Stafford and Riddick; Eastern, White and Russell. Summary—Struck out, by Stafford 14, by White 4; base on balls, by Stafford 1; wild throws, A. & M. 1; stolen bases, A & M. 1; two base hits, Eastern 1; left on bases, A & M., 3, Eastern 7; attendance, 500; Umpire, Upchurch; time, 1:50.

JEFF GOES FOUR ROUNDS.

Boxing With Bob Armstrong Yesterday—Busy Day.

Ben Lomond, Cal., May 2.—Jeffries started the week at his training camp with a rush, accomplishing a full day's work before noon. He went at the various in-door stunts in a business like manner, showing snap and life in every movement. This was especially noticeable in four rounds of boxing with Bob Armstrong. Jeffries had the negro on the run most of the time with righ arm jabs to the neck.

More boxing was announced for the afternoon sessions, Jeffries declaring he would go a few rounds with Joe Choynski and Billy Papke. When the time came to put on the gloves, however, Jeffries had changed his mind. His boxing was left to Choynski and Papke, while Jeffries went for a boat ride.

PROTESTS AGAINST FIGHT.

'Frisco Ministers Ask for Concerted Action of Churches.

San Francisco, May 2.—The Presbyterian Ministerial Union of San Francisco, adopted a resolution today calling on churches throughout the country to join in a concerted protest against the Jeffries-Johnson fight. The protest will be laid before the General Assembly in New York this month.

HAMILTON MAKES FLIGHT.

Feature Day at Atlanta Aviation Meet. The Events.

Atlanta, Ga., May 2.—Charles K. Hamilton, in a Curtiss bi-plane, made eight successful flights here today at the Atlanta Aviation Speedway course on three of which he carried a single passenger. In a race with a 20-horse power S. P. O. automobile, driven by John Juhasz for four miles, Hamilton won by about six yards. No time was taken. The event excited the crowd and the aviation was given a great ovation at its conclusion.

Hamilton late this evening made several unsuccessful attempts to lower the world's one and two mile records. His time for the two miles was 2:31 2-5.

Tomorrow he promises to clip at least several seconds from the two mile record and the attempt to break the quick start record.

Lexington, Ky., May 2.—No decision was rendered in the Mike Schreck-Jack O'Brien ten round bout here tonight. O'Brien had the better of it.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "We always give it to him when he takes cold. It's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe. 50c. $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

WATER AND SEWERAGE.

Regular Monthly Meeting of Commission Held Last Night.

The Water and Sewerage Commission met in regular monthly session at the City Hall last night with Chairman C. W. Worth presiding, Secretary Marcus W. Jacobi and Mr. W. E. Perdew, members of the board; Superintendent R. C. Cantwell and Superintendent Pope, of the construction work in progress at the pumping station, in attendance. Mr. Pope reported rapid progress in the work at the pumping station. The chimney to the boiler will be completed today and supports for the standpipe have been completed and work is now progressing on the tank. It is stated that when the standpipe is completed there will be no further complaint with reference to light pressure. Superintendent Cantwell reported that laying of piping for the improved system would probably be completed some time this week or the first of next.

SUNDAY SCHOOL OUTING.

Wrightsboro Children Visit Beach as Guests of Tidewater.

As guests of the Tidewater Power Company, 128 members of the Wrightsboro Baptist Sunday School spent Saturday very delightfully at Wrightsville Beach, this being the first Sunday School excursion of the season given complimentary by the company. The members of the school, including the officers, teachers and children, came to the city early yesterday morning by private conveyances and boarded a suburban car in waiting at Front and Princess streets at 10 o'clock. The excursion was under the personal supervision of Capt. W. F. Corbett, of the Tidewater Company. The children returned to the city late in the afternoon and left immediately for their homes. Today the Sunday Schools of Brooklyn and Southside Baptist churches will have their outing at the beach.

COLLEGE FOR HOTEL HELP.

Head Waiter at Orton Will Give Instructions to Beginners.

To the Editor of The Morning Star:

Please allow me space in your columns to state to all hotel help throughout this State and elsewhere that I am engaged in organizing a Hotel Help College—a place where one who would like to become a hotel waiter or a bell boy can receive sufficient instruction to fulfill either one of the positions mentioned. I think that my idea, if successful, means a 40 per cent. improvement in the hotel service throughout the State. I feel confident that I can give such instructions that will equip one for the duties in a hotel. I will give instructions every night and after six months one who has attended regularly will be entitled to a "graduation" paper endorsed by some of the most prominent hotel men in this State. Those who are interested address may call or write me.

EXECUTION DATE SET.

John Allen Stackhouse, of Scotland, to Die on June 10th.

(Special Star Telegram.)

Raleigh, N. C., May 2.—Affirmation of the Supreme Court of the conviction of John Allen Stackhouse, of Scotland county, for premeditated and deliberate murder of his wife, being certified to Gov. Kitchin this afternoon he set Friday, June 10th, as the day for the execution of the death sentence. Stackhouse was convicted at the November term 1909 of Scotland court and the original date for the execution was Feb. 15th, Judge Adams imposing the sentence. It was understood that application for commutation of sentence is being prepared. The jury recommended mercy and the Supreme Court declares this a matter solely for the Governor.

BACK GIVES OUT

Plenty of Wilmington Readers Have This Experience.

You tax the kidneys—overwork them—

You can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Wilmington people tell you how they act.

William L. Benson, 618 S. Second St., Wilmington, N. C., says: "Doan's Kidney Pills, which I procured from Robert R. Bellamy's drug store, did me more good than any other remedy I ever used. My back ached all the time and I could not stoop or lift without having sharp pains shoot through my body. Mornings my back was so lame and sore that it was hard for me to get out of bed. The kidney secretions were highly colored and contained a great deal of sediment. Doan's Kidney Pills stopped the pains in my back and regulated the passage of the kidney secretions. I have such confidence in this remedy that I advise its use to anyone suffering from kidney complaint.

Funeral of Mr. L. C. Stanfill.

The funeral of Mr. L. C. Stanfill, whose death occurred Sunday afternoon at his home, No. 812 North Fifth street, was held at 7:15 o'clock yesterday morning from the family residence, conducted by Rev. W. L. Rexford, pastor of Bladen Street Methodist Church. The remains were taken on the train yesterday morning to Magnolia, where the interment took place. The deceased had been confined to his room for several months, having suffered a stroke of paralysis and while his death was not altogether unexpected it was a great shock to his loved ones and friends. He was 49 years old and is survived by his wife.

Holmes, pastor of Fifth Street Methodist church, in the presence of only a few relatives and friends. Friends extend to the couple their best wishes.

S.S.S. PERMANENTLY HEALS SORES & ULCERS

Old sores remain open and chronic ulcers refuse to heal because they are kept constantly irritated and infected by impurities in the blood. This impurity of the circulation comes from various causes. A long spell of debilitating sickness, which breeds disease germs in the system, the retention of refuse matters of the body because of a sluggish condition of the eliminative members, a continued malarial state of health, inherited bad blood, etc., are usually responsible. But whatever the cause of the infected circulation, the sore or ulcer CANNOT heal until the blood is purified. S. S. S. heals sores and ulcers in the very simplest way. It just goes into the circulation and removes the impurities and polluted matter which are the means of keeping the sore open; then the sore is bound to heal. S. S. S. is the finest of all blood purifiers, and not only does it cleanse the circulation but it adds the necessary healing qualities to the blood, and in this way assists nature to quickly cure sores and ulcers. Salves, washes, lotions, etc., can do no permanent good toward healing an old sore because such treatment does not reach the blood. These external applications may be soothing and cleansing, but the healing must begin at the bottom, and this is just what S. S. S. does by first purifying the blood, and then furnishing nourishment and health to all the flesh tissues. Book on Sores and Ulcers free to all who write and request it.

TAXES IN ROBESON COUNTY.

Sheriff McNeill Will Make Good Showing—News of Lumberton.

(Special Star Correspondence.)

Lumberton, N. C. May 2.—This being the last day in which polltax could be paid to make voters eligible to vote next November, your correspondent interviewed Sheriff McNeill late this afternoon for the purpose of ascertaining the condition of affairs in that respect in Robeson county. The sheriff stated that there was not exceeding a hundred voters in the county liable for polltax who had not paid and that not over a dozen of them were white men. He says further that conditions are far ahead of this time last year on property taxes. The sale of land for taxes which begun today is unusually small. This is a fine showing for Sheriff McNeill, especially so when the size of the county is considered.

One of Lumberton's matrimonially inclined young men drove out in the country Friday night on important business and we suppose everything went well until the time arrived for him to return to town. Then the trouble began. Some one had borrowed his horse and buggy, but knowing the horse's track he followed it by the use of a lantern for nearly five miles when the course was changed and the track led homeward. About 3 o'clock this morning the horse was found hitched a short distance from the county home. He had been taken from the buggy which stood nearby, the seat turned over to protect it from the dew and the harness laid carefully on the ground. The young man hopes some one enjoyed the joke, but he did not.

It has been stated that the new telephone exchange would be located on the second floor of the Bank of Lumberton building, but there now seems to be some doubt about that, as it may be decided to put it on the second floor of the building in which the Western Union and express offices are located. As the telegraph and telephone are now about one and the same, it looks like having both in the same building would be the very thing to do.

GREAT COUNCIL I. O. R. M.

Meets This Week at High Point—Orphanage Question.

(Special Star Correspondence.)

Raleigh, N. C., May 2.—The North Carolina Great Council of Improved Order of Red Men meets Wednesday of this week in the Concord hunting ground and Past Great Sachem Joseph E. Pogue, says there is every promise of one of the most gratifying sessions in the history of the order in this State. There are now about 5,000 Red Men in North Carolina and Col. Pogue says the reports this year will show the biggest progress ever made in a single year. S. G. White, of Greenville, is great sachem this year, having succeeded Col. Pogue at the last annual meeting. The latter is now great prophet. He and a large delegation of Red Men left Raleigh tonight for the great council. A matter of wide-spread interest to come up is the disposition of a large fund raised for establishing a Red Men's orphanage. Some are advocating the temporary application of this fund to defraying the expense of an organizer in the field with the understanding that the great council will refund it in time for use in connection with opening an orphanage when the order resumes definite effort for its establishment. This is opposed by many others. So the settlement of this is to be a live wire in the council. Some predict that the outcome will be the immediate undertaking of the task of opening the orphanage at least on a small scale.

THAT MASS MEETING.

Both Sides in to the Finish in the Wake Imbroglio.

(Special Star Correspondence.)

Raleigh, N. C., May 2.—The people of Wake county, Democrats and Republicans, surgers and insurgers, are talking the sensational Democratic mass meeting Saturday, while the warring factions of the Democracy are standing by their guns and waiting the next move. The situation is conceded to be beyond any possibility of patching up even a truce of any long time, the fight to the death for one or the other side to come off in the June primaries. The Republican leaders are especially tickled at the prospect that the Democrats will come out of the primary conflict with one or the other side so disgruntled as to cause many to stay away from the polls at the general election and even constrain a goodly number to actually go into the general election and cast Republican votes, thereby making it easy for a Republican victory. The situation is generally conceded to be most serious.

ANTI-TUBERCULOSIS CAMPAIGN.

Speakers in Raleigh Sunday Afternoon in Exhibition Being Given.

(Special Star Correspondence.)

Raleigh, N. C., May 2.—Governor Kitchin, J. William Bailey and Dr. Delia Dixon-Carroll were the principal speakers for a big citizens' mass meeting Sunday afternoon in the Academy of Music in connection with the anti-tuberculosis campaign that has been on here for the past week. Governor Kitchin and Mr. Bailey discussed duties of the people as to health precautions as laid down in the Holy Bible. Dr. Dixon-Carroll discussed the anti-tuberculosis movement from the viewpoint of what can be done in this direction by women's clubs. There was also a timely address by Rev. George W. Lay, rector of St. Mary's school, on the relation of the schools to this crusade against tuberculosis. There was special music by some of the best choir singers of the city and the meeting proved most enjoyable.

DONALDSON MILITARY SCHOOL.

Baseball Team Returned to Fayetteville Sunday Morning.

The baseball team of the Donaldson Military School, of Fayetteville, accompanied by Prof. J. M. McFall, returned to Fayetteville Sunday morning. The cadets came down Saturday to play the local High School in the afternoon, being defeated by the score of 3 to 1. This was the first appearance of the Donaldson team in Wilmington, although the High School has played in Fayetteville on several occasions. In the party were Prof. McFall, Major Rike, Cadets Broadfoot, Rike McNeill, McFall, Huske, Campbell, Hubbard, Grady, McDonald, Lilly and Venable.

In speaking of Donaldson and its future Prof. McFall, principal of the institution, said: "We close the second year of our school under the most favorable conditions, and our prospects could hardly be better. We have just recently incorporated our school, purchased a new site of 40 acres, and will begin the erection of new buildings immediately. The growth of our school has taxed our present capacity and has rendered enlargement imperative. Fayetteville is a most ideal location for a school and its people have shown a most gratifying interest in our institution. We purpose to establish one of the best schools in the South."

GREENVILLE SCHOOL CLOSING.

Interesting Commencement Exercises Held There Last Night.

The closing exercises of Greenville public school, given in the school building last night, commencing at 8 o'clock, were of a most interesting nature and largely attended by patrons and friends of the school. The very creditable manner in which the children executed their parts reflected the careful training they had had under the direction of Miss Kara Reid, of Lexington, the principal, and Miss Janie Ketchum, assistant.

The exercises opened with the singing of "Lovely Spring" by the school, followed by recitation, "Welcome," by Florence Canady; recitation, "My Story," by Marie Vann; concerted exercise by little men and their wives; recitation, "The Wounded Soldier," by Atla Ketchum; dialogue, "Way to Wyndham;" drill, "Blossom," by little girls; solo, "Our Flag," by Alta Ketchum; play, "Aunt Betsey's Beaux;" recitation, "The Whistling Regiment," by Minnie Canady; duet, "When the Lilacs Bloom Again," by the Misses Ketchum; recitation, "The Tragedy," by Willam Sneeden; tableau, "Ten Virigns;" play, "Deaf Uncle Zed;" song, Home-spun Girls;" Tableau, "Faith, Hope and Charity;" chorus, "Good Night," by the school.

SECURED VALUABLE JEWELRY.

Residence of Mr. E. C. Dickinson Robbed Saturday—Arrests.

Deputy Sheriff J. M. Branch yesterday arrested "Mack" Green, Thomas Wright and John Seamon, three negro youths, on the charge of breaking into and robbing the residence of Mr Earle C. Dickinson, No. 510 Ann street, Saturday. It is understood that warrants have been issued for others and they may be arrested before morning The intruders entered the house in the middle of the day, while the house was occupied, and secured several valuable pieces of jewelry, among which were a locket and chain marked "T. G." a diamond bar, a gold cross, marked "1907" and a savings bank with a considerable sum of money in it. It is said that a negro was seen to leave the residence about the time the robbery is supposed to have been committed. The hearing of the case will be before Justice Harriss.

Mexican MUSTANG LINIMENT

An unfailing remedy for the ills of your Livestock and especially valuable in cases of Caked Udder and Sore Teats in Cows.

Saves Loss in the Dairy.

LYON MANUFACTURING CO.,
BROOKLYN, N. Y.

GENTLEMEN:—It seems to me among your claims as to the efficacy of **Mexican Mustang Liniment** you hardly give prominence enough to its wonderful curative power on inflamed and caked udder in cows. I have used it for two years in my stable and since I began its use have not had a case which was not relieved by a few applications. A thorough bathing of the udder with hot water followed by gentle and persistent rubbing in of the "Mustang" will, I believe, cure any case, leaving the teats in good order—unless suppuration has already begun. If all others in the dairy business knew this it would save much worry and loss. Respectfully,

Think of Last Summer--

You can remember days when the heat inside your kitchen was so great you could hardly bear it. With the right stove you would have made a better hostess. Save your health. Don't put up with the drudgery of a coal range. You can have a clean, cool, pleasant kitchen. The

does away with all drudgery of cooking. Why should you be a slave to a coal range when you can have an Oil Cook-Stove that is cheaper than coal, cleaner than coal, doesn't "smell," doesn't smoke, lights instantly, can be put out instantly, leaves no ashes, and doesn't heat the kitchen. With one of these stoves you can boil, bake or roast the most elaborate dinner. You can change from a slow to a quick fire, or the other way about, by simply turning a wick. Apply a match, and instantly the heat from an intense blue flame shoots upward through the turquoise-blue enamel chimneys to the bottom of pot, kettle or oven—but nowhere else. The stove has every convenience that can be thought of: Cabinet Top with shelf for keeping food and dishes hot, drop shelves to hold coffee or teapots, towel rack; in fact every convenience possible.

The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive.

Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease and Requires an Internal Remedy.

The cause of rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments will not cure, affords only temporary relief at best, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the system, regulates the liver and kidneys and makes you feel well all over, Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In Tablet form at 25c and 50c a package. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co, Baltimore, Md.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Incd] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

Tuesday, May 3rd, 1910.

ADIEU!

With this issue the writer terminates a relationship as editor of The Morning Star, which has continued for seven months, a period that has proved sufficient to give him an abiding love for and interest in the people of Wilmington and of the section which his paper has peculiarly served. He goes to a broader field, at better pay, with natural reluctance. To sever the associations he has formed makes for him a sincere regret. He has worked hard; with what degree of success it is for those who have followed his course to say.

In the more intimate spirit, permit him to say that in the contact of editor and readers there exists in the latter, for him who writes for them, a composite companion—a super-personality, as it were—whose confidence he seeks and whose sympathy he feels.

To this companion, wise, sane humorous and kind, thinking with him, laughing on him, bearing with patience his many mistakes and generously approving his occasional successes, the editor bids an effectionate adieu. R. L. GRAY.

IN WAKE COUNTY.

It is indeed a most unfortunate situation that seems to have developed in the affairs of the Democratic party in Wake county. To a rank outsider, it appears merely a question of leadership with the lines sharply drawn as between the "regulars' 'or "machine organization" and a faction led by Josiah William Bailey and Josephus Daniels, who are contending for certain reforms within the party, both sides, however, having the rare good judgment, both from the point of party expediency and the peace and good order of the State, to eschew the question of further liquor agitation, as some would perhaps prefer to believe, a resolution declaring for what they chose to term "local option" being defeated even by the "Morally Stunted" wing of the party. While both sides have evidently determined upon a fight to the finish, the conservative element of the party in the State will hope that the differences may be reconciled and that all needed reforms may be accomplished in the party without further recourse to the disgraceful scenes of Saturday in the capital of the State or impairment of a Democratic maojrity that should be vouchsafed in the county which, of all others, should lead the van in the November elections. With the skies ever brightening to Democratic success Nationally, the pity is that harmony cannot prevail at home.

HELP WITH THE CENSUS.

In view of the zeal being manifested by some of the interior towns with reference to the United States census now being taken, it is gratifying to know that Supervisor Irvin B. Tucker, of this district, is also manifesting a desire to secure the most complete returns possible for Wilmington and other towns in his territory, and with this end in view is addressing a letter to the newspapers of the district, calling upon them for co-operation in the work. He invites any citizen who has reason to believe that he or she has been neglected by the field men to look up the enumerator and see that the name is properly entered. If, for any reason, this cannot be done Supervisor Tucker asks that he be addressed at his office in Whiteville, N. C., which may be done even without the expense of a stamp, by simply endorsing the upper righthand of the envelope with the words "Official Business, Census Office." On account of the fact that some of the districts have a larger population than it has been estimated, the enumeration of Wilmington, he says, has not been completed and will not be finished until about the fifth or sixth of May. This is an important matter and one that should be looked into by every public spirited citizen.

New York society is agog over another divorce sensation. A newspaper dispatch from Reno, Nevada, says Mrs. Margaret Emerson McKim, society leader of New York, Newport and Baltimore, and incidentally the wife of one Smith Hollins McKim whose identity is not given, so far as what ice he cuts is concerned, has filed a suit for divorce in the Nevada court. The dispatch merely states that "Mrs. McKim is after a divorce" without mentioning any accomplice or co-respondent. As the divorce route is easy she will be pretty apt to get what she is "after."

The New York Sun expresses a fear that the State of New York may be forced to choose politically between Col. Roosevelt and Mr. Hearst. It looks like it is about time for New York to throw up its hands and call for help.

CAPITALIZE FARMING.

The conference between Secretary of Agriculture Wilson and the New York Produce Exchange, in New York, is attracting a great deal of attention throughout the country. The Star on Sunday gave a pretty full account of what was done at the conference.

The purpose of the confeernce might look like an effort, in the face of a campaign, to shift the blame for the increased cost of living to the neglect of agriculture and relieva the tariff and the Republican party from the blame in that connection. The conference discussed increased cost of living and came to the conclusion that it was on account of the high prices which the farmers get for what they raise for the consumers. The deduction was made that high prices have been brought about because the agricultural products of the country are not equal to the demand on the part of consumers and hence consumers have to pay more for what they get to eat. It was also contended that agricultural operations and production have fallen off because the development of industrial centres has drawn labor away from the farms.

It appears that the conclusion reached by the conference was that something should be done to induce labor to go back to the farm and raise enough produce to bring down the price of farm products. From the standpoint of a consumer that would be a capital idea. The proposition to begin a movement to secure more production of food products in order to squeeze down the price is disingenious on the part of the conferees but the farmers are not expected to paw up the earth in behalf of any such movement. As producers they are satisfied with good prices and it is up to the consumers to do the kicking and lay the plans for such an increase of production as will cause the price of farm products to come down from their high perch. It must be remembered that the high cost of living falls not alone upon the consumers of farm products but also upon the farmers themselves. When the truth comes out it will be found that the high cost of farm products has resulted because it costs the farmers more to produce what they make. Take some of the high cost of farm supplies off the farmer and probably he can afford to sell his products so the consumers won't feel such a burden. The farmer is burdened by the high cost of farming and he would also like to get some relief as well as the consumers. Until it costs the farmer less to raise cotton and other products we see no hope of seeing a reduction in the price of what the farmers make for us to eat and wear. We rather think farmers and consumers are both in the same boat when it comes to the increased cost of living and farming.

The prosperity of this country depends on the farmers and when they are not prosperous industries and commerce cannot be prosperous. For this reason we are rather lined up with the farmer in seeking relief along with us consumers. If the high cost of farming continues and the high cost of living keeps up, the farmer might remedy his part of it by making more on an acre with the same labor than he does now. He can do that by making his land better, by adopting better agricultural methods and by the use of machinery that may take away some of the cost of farming. Soil restoration and all those other things require money and the farmer who can afford it can change his method of farming but the one who can't will have to follow the old rut. The fact is, farming methods have to improve and are improving but the process as a whole naturally will be a slow one. Nevertheless, primitive methods and slovenly farming have to go and the farmer who doesn't keep up with the progressive movement in agriculture will find himself working for the more progressive farmer. In this modern era of farming we will have to quit impoverishing our lands and will have to restore them by the well known means being promulgated by the State and National agricultural departments. It is cheaper to keep land good than it is to impoverish it and then enter upon a plan of soil restoration.

With agriculture on a prosperous basis, capital will find it a profitable field for investment. It requires capital to farm right and to conduct agriculture on a more economical basis, and the time is coming, if it is not already here, when capital will be as necessary in successful farming as it is now in business and industrial undertakings. Capital invested in farming according to improved methods will pay as good a dividend as most of the industries and if those with capital do not care to engage in agricultural operations they can finance farmers who could better their conditions by having the means to do better farming and increase their production.

It has been well said that the modern era will demand that agricultural production, like mechanical production, be made a matter of enterprise, energy, training and skill, in which capital and labor will work together for the most fruitful result.

North Carolina is the best part of the country in which to do farming backed by capital, because it has the lands and the climate and is only 24 hours distant from markets that supply 40,000,000 of people.

AN ERA OF CORRUPTION.

The Baltimore Sun inquires: "Are the American people a nation of robbers?" That esteemed and able contemporary used that interrogatory after noting with alarm the numerous instances of frauds and thievery on a huge scale now agitating the whole country. The order of the day is "charges" "investigations," political scandals, etc., and the Baltimore paper notes that there is an aparent general tendency to steal and defraud.

Well may the Sun express forebodings over the condition of affairs and ask: "Has not the example the government has set, of enriching a few at the expense of the many by means of the tariff, been an influence for corruption?" No doubt the tariff in making great fortunes for a few of the people at the expense of all the people has been a great factor in creating what Colonel Bryan and Colonel Roosevelt are agreed in terming "predatory wealth." It is not alone that, however, but the examples of getting rich quick by riotous and adventurous speculations. One man thinks if another has made millions of dollars in a day or a few days there is no reason why he shouldn't do the same thing, so he becomes a plunger. "Rolling in wealth" excites the envy of the people and the one idea seems to be to either get rich or gain political distinction by any hook or crook.

It is hardly probable that we have gotten to be a nation of robbers, but it does seem like lunatics or knaves are at the head of the procession just about this time. The kind of politics we have in this country is largely responsible for such scandals as have been unearthed in Washington and in the Legislatures of New York and Illinois, and machine politics, the tariff debauchery, the speculative craze, the get rich quick mania and the like are playing havoc with the morals of a people, the majority of whom no doubt are honest and virtuous. By means of machine politics the poltroon gets in the lead and it is up to the people to remedy that cause of our degeneration. Unless the preachment of morality and right doing will remedy the other causes of general debauchment, we are at a loss to know just how the thing will end. There is one thing sure—a part of the nation ought to be sent to the penitentiary.

Editor Robinson may not be going around Durham feeling puffed up, but he certainly is deserving of congratulations upon the splendid improvement of his paper, the Evening Sun. With new equipment and superior facilities, the paper comes out in attractive form, while the news service and other features of the Sun have been brought up to a standard that must meet the appreciation of its readers. The Star notes with pleasure the new life which has come to the Sun. It is another example of improving with age.

With reference to woman suffrage, Mrs. O. H. P. Belmont says "women will fight until they win." Mrs. Belfont has articulated correctly, if all the women take a hand in the fight. However, if only some of the women fight, the woman suffrage movement will continue to be a mere agitation. When the mass of women get in the game you will see the masculine white flag run up in a giffy. Please excuse us when the women come at us with full ranks bent on getting what they are after.

Secretary of Agriculture Wilson and the New York Produce Exchange got together the other day to see what could be done in order to get the people to go back to the farm. It appears like agriculture has been abandoned for the industrial centres. Some Democrat meaner than we are might suggest that the tariff caused so much industrial prosperity that labor quit the plow and took to the cities, thus saddling the tariff with the blame for injuring the farming interests.

It is quite evident that William J. Bryan may never be President but it is hard for Col. Roosevelt to get praise for saying things that Bryan said long ago in a way that incurred abuse instead of commendation. Perhaps Bryan was only the pioneer who blazed the way and made it possible for the Roosevelt version to be regarded as wisdom coming fresh from the fountain head in an amplified form hedged about with a whole lot of "ifs" and "ands."

Says the Norfolk Virginian-Pilot: "Some scribblers are deploring Mr. Morgan's big expenditures for antique paintings, tapestries, and manuscripts as a waste of money." Please don't discourage Mr. Margon in spending his wad in that way, otherwise he might spend it in cutting more of the earth from under our feet.

"What is a muckraker?" A question that is again being propounded. According to the Republican campaign committee at Washington a muckraker is a writer who is bad enough to expose the record of the Republican party in a manner calculated to make voters quit being fooled in every campaign.

The writer of an article says: "Liar is a bad word to use." We should say it is, unless you have taken the precaution to apply it to a man who can't "come back." Where the other fellow has the size on you it is a heap nicer and safer to say "Beg pardon; you're mistaken." Follow this rule and it may save you some scabs.

"North Carolina is the best State of all," the Raleigh Evening Times says. We move to make it unanimous.

The Scotch Tar Heels are a frugal set of men, but they take great interest in good government and value their citizenship too highly to let a dollar or two stand between them and the right of suffrage.—Charlotte Observer.

Large shipments of eggs and chickens continue to go to the Northern markets from western North Carolina. The Hickory Democrat says one firm in that town shipped 650 crates or 19,500 dozen eggs and 1,500 pounds of chickens between March 10th and April 15th, and another firm forwarded 3,870 dozen eggs one day last week It is not surprising that eggs and poultry bring fancy prices, compared with those of former days, on the home markets, when there are such heavy shipments to the Northern cities, but these shipments, we hope, will grow much heavier still.—Charlotte Observer.

The Democrats of Pennsylvania have this year a double incentive for making strong nominations. Their choice of candidates for Governor, Representatives in Congress and members of the general assembly should be altogether made up of men of the highest character and competence. Nominees of that stamp the party may hope to elect both in the State at large and in all close districts. Even if such candidates shall fail of election the selection of strong men compels the selection of strong men by the other party, with a result of indirect benefit to the commonwealth. The drift of public sentiment all through the country sets strongly in the direction of Democratic success. The Republican party has broken the pledges upon which it obtained power. It is the slave of monsters of its own creation. It has overstayed its time. Pennsylvania should join in the work of repudiation.—Philadelphia Record.

South Carolina farmers have adopted the slogan: "Fifty million bushels of corn for 1910." The Greenville News says this is not a radical estimate. Last year's crop amounted to 37,000,000 bushels, and with the greatly increased interest in this crop the additional 13,000,000 can easily be assured. Commissioner of Agriculture Watson believes that the larger figures will be reached. What are North Carolina farmers going to do along the same line? Are they going to let their neighbors across the line surpass them in this most important farming feature? If South Carolina farmers can increase their crop 13,000,000 bushels over last year's, cannot the North Carolina farmers do at least equally well? They should not be content with doing this ,but should make every effort to surpass it. Every extra bushel of corn harvested in this State next Fall means keeping so much money at home and thereby adding that amount to the State's wealth. South Carolina's etxra 13,000,000 bushels of corn will mean not far from $13,000,000 added to the capital of the men who produced them instead of draining the State to swell the bank accounts of the Western corn growers. If the farmers would look at the matter in this way—and it is the correct way—they would be more enthusiastic over the subejct of a bumper corn crop for the State.—Charlotte Observer.

"It is said to be practically certain", says a news writer in the Charlotte Observer, "that the Democrats will re-district the State after the census is complete. Efforts will be made to arrange the counties in such fashion as to leave the Republicans out in the cold. In fact, there is considerable talk to this effect. Several clever Democrats are working with might and main on this redistricting proposition now. A well known politician whose name is familiar from Murphy to Manteo, declared several days ago that the Democrats should rearrange things so that all the district would return Democrats. He said that this could be done, leaving fairly equal population in the several districts." It might be just as well not to be too brash in this matter. As for redistricting the State so as to make all the districts Democratic, The Landmarks feels called on to say at the outset that it can't be done. The politicians may figure it out, and for one election it may work, but that will be the end. When the State was redistricted ten years ago the man who did the work, one of the best informed politicians in the State, thought he was making all districts Democratic. Today three Republicans are in Congress. At least two of the districts are so doubtful as to be uncertain at any time, and one of them is almost practically Republican. One can figure on elections in the past, but he cannot figure with certainty for the future The fair thing to do and The Landmark believes it the best policy, would be to give the Republicans one district—two if necessary—and make the rest Democratic. That would be fair and sensible. It is no answer to say that Republicans are not fair when they have the advantage. It is better to be fair and divide than to try to take all and lose more than by a fair division.—Statesville Landmark.

DEDICATION OF NEW CHURCH.

Splendid Baptist Edifice at Fayetteville Consecrated to Worship.

(Special to Charlotte Observer.)

Fayetteville, May 1.—The splendid new edifice of the First Baptist church of Fayetteville was dedicated today, with three impressive services. At the afternoon service the dedication sermon was preached by Rev. Will B. Oliver, of Florence, S. C., a former pastor of the church. Morning and evening services were conducted by the pastor, Rev. J. J. Hall, D. D. Features of the afternoon and evening services were a hymn of dedication, composed by the pastor and the reading of letters from ministers who have formerly had charge of the church.

The structure, a handsome one, has just been completed, it cost $26,000. At the afternoon service a large portion of the bonded indebtedness of $5,000 was raised.

NURSE SAYS HER DAUGHTER

Received Great Benefit From the Use of Cardui, the Woman's Tonic, and she Recommends it to Young and Old.

South Bellington, Wash.—"I am a nurse," writes Mrs. Clara Dykstra of this place, "and have had some experience with Cardui, so I know that it will benefit both young and old people.

"My daughter has used Cardui, and has received great benefit. I think it is excellent for young ladies, as it tones up the system and makes young and old feel like new persons."

Cardui goes to the weak spots and helps to make them strong. It acts with nature—not against her. It is for the nervous, tired, irritable people, who feel as if everything were wrong, and need something to quiet their restless nerves, and strengthen their worn-out system.

At such times, many people take a stimulant, but this is wrong, as the after-effects are generally worse than the first symptoms.

No, the right thing to do, is to take a gentle, non-intoxicating, reliable tonic, and the tonic for women is Cardui, the woman's tonic.

Thousands of women now enjoy good health, as a result of taking Cardui. Why not you? Try it.

BUSINESS MEN PROTESTING

Large Shippers Via Seaboard Air Line Object to Policy of Those in Authority With Reference to Liquor Shipments.

Entering a strenuous protest to what they regard as an unwarranted policy of the Seaboard Air Line officials in a failure to co-operate with those behind the movement in Wilmington for law enforcement, a telegram was forwarded yesterday to Judge Leigh R. Watts, general counsel of the company, speaking out in no uncertain tones as to the sentiments of the signers, who are among the largest shippers on the wharf and in the wholesale district of the city.

The protest is to the resistance of the company to the efforts of the citizens' committee here to secure from the local freight warehouses a record of the alleged wholesale shipments of liquor to this territory in violation of the spirit of the State prohibition law, and it is expected that this protest will have great weight with the higher officials of the road in determining them to meet the committee in that spirit of co-operation, which is understood to have been extended by the Atlantic Coast Line at the outset. The protest, in addition to another setting forth the position of the big cotton exporting firm of Messrs. Alexander Sprunt & Son, is in the following language:

Wilmington, N. C., May 1, 1910.
Hon. L. R. Watts, Portsmouth, Va.

We represent largest shippers in Wilmington and protest against Seaboard's action here in refusing to give to the Mayor full information as to amounts of whiskey delivered here and names of consignees. This information is desired only to disclose names of parties who are receiving large consignments of whiskey and selling it contrary to law, to the end that we may enforce the law. The Seaboard is now shielding law breakers by withholding this information and legitimate business interests protest against their action.

Funchess & Co., O. H. Wright & Co., R. H. Pitckett.

It is understood that the signers to the telegram were secured with no special effort and those who join the movement have done so voluntarily. The telegram is very significant and is expected to have a very important bearing on the future turn of the present effort toward law enforcement in Wilmington.

CITY BOARD OF HEALTH.

Regular Monthly Meeting Held at City Hall Yesterday.

The regular monthly meeting of the City Board of Health was held at 4 o'clock yesterday afternoon in the office of Mayor Walter G. MacRae, who presided, with Dr. Joseph Akerman, city superintendent of health; Dr. T. S. Burbank, Mr. Joseph D. Smith, and Engineer Martin, representing City Engineer Humphreys in attendance. The matters considered were largely of a routine nature. Dr. Burbank reported that in his opinion some of the water being received here from a well known spring contained typhoid germs and upon motion it was decided to send a sample of the ater to the State Chemist for analysis. The board recommended to the Board of Aldermen that Sam Bear Sr., & Sons be permitted to put in a cess pool with certain restrictions at Eighth and Brunswick streets, property recently acquired from the Robt. Portner Brewing Company, and which, it is understood, will be or has been leased to the National Biscuit Company.

Reports from the health department showed that during the month of April there were 44 deaths, 21 whites and 23 colored; 55 births, 25 whites and 30 colored. There were 6.514 inspections of premises; 2,995 surface closets ordered cleaned; 2,300 orders issued for disinfectants; 50 rooms were fumigated, 32 being on account of smallpox. There were remaining at the end of the month one case of diptheria; three cases of typhoid fever and one case of smallpox.

The report of Dr. Thomas B. Carroll, meat and dairy inspector, to Dr. Joseph Akerman, city superintendent, was as follows:

"During the month of April I made 39 visits and inspections of dairies and dairy farms. The sanitary conditions and general health of cattle and attendants were good. There was no application for the sale of milk. I made 347 post-examinations of slaughtered meat as follows: 73 cattle, 154 hogs and 120 sheep with no condemnation."

WERE MARRIED LAST NIGHT.

Mrs. Lillie Kelly Becomes the Bride of Mr. E. M. Ussery.

A quiet home wedding of interest to many friends was celebrated at 8:30 o'clock last evening at the residence of Mr. S. G. Lang, No. 1015 Market street, when Mrs. Lillie Kelly, of Charlotte, daughter of Mrs. James Scarborough, of this city, became the bride of Mr. Evander M. Ussery, of Wilfington, a popular employe of the Tidewater Power Company, the ceremony being impressively performed by Justice G. W. Bornemann in the presence of only a few relatives and friends.

Will Marry Here Today.

Mr. Ben T. Bullard, of Bolton, yesterday secured from the Register of Deeds license to marry Miss Willie Hayes, daughter of Mr. and Mrs. William Hayes, of Bolton, and expected to marry at Bolton today, but was informed by the Register of Deeds that license issued in this county could not be used in any other county. Mr. Bullard decided to send for Miss Hayes and the ceremony is expected to be performed in this city today by a Baptist minister.

BOARD OF COMMISSIONERS

Regular Monthly Meeting of County Fathers Yesterday Afternoon—Jurors for Civil Term of Court—Routine.

The regular monthly meeting of the Board of County Commissioners was held yesterday afternoon at the Court House, but the business transacted was largely routine and unimportant, of no general interest to the public.

The Board met at 3 o'clock with all members present. J. M. Turner, Wilmington township, was exempted from poll tax on account of physical disability. Geo. L. Peschau, Esq., attorney, asked a correction of the record in the matter of Harrison Blackledge, serving six months on the roads from the Recorder's Court under sentence with privilege to the commissioners to hire out. Mr. D. J. Fergus appeared in the same behalf. The county attorney having advised that the certification of the Recorder was proper, and it appearing that the prisoner's family is likely to become a charge on the county unless he is released to provide for their support it was ordered that Blackledge be allowed to pay a fine of $50 and cost.

Mr. James Owen Reilly appeared before the Board and asked for a more equitable distribution of the insurance on county property, the policies expiring Oct. 1st. Mr. Geo. C. Jackson and Mr. C. Van Leuven appeared before the Board with reference to change of road over property recently purchased by Mr. Jackson from the Winter Park Gardens Co. The road being a private one, the commissioners advised that it was a question for the property owners themselves. The committee on extension of the public burying ground, reported through Col. J. VanB. Metts and was continued with instructions to investigate other locations.

Capt. Edwin A. Metts, commanding, and Lieut. Col. T. C. James appeared before the Board in the interest of the Wilmington Light Infantry, which is now the only surviving State military organization in the city. They made a plea for a restoration of the annual appropriation of $500, which was divided with the Naval Reserves upon their organization some years ago and which are now disbanded. Capt. Metts referred to the value of the company in the community and made a splendid argument for the company. Upon motion of Mr. Divine the appropriation heretofore made to the Naval Reserves of $300 per year was transferred to the W. L. I. in appreciation of its services to the community and upon the statement of its commanding officer.

The chairman read a letter from the State Veterinarian and Agricultural Department offering a live stock experiment in the county looking to the breeding of better animals. The offer of the Department was accepted.

The County Attorney reported $118.32 net back tax collections during the month; the Register of Deeds $32.25 revenue from marriage licenses during the month; the superintendent of health five cases of smallpox, one of scarlatina, two of diphtheria, and two of typhoid fever. The county institutions were reported in the usual good sanitary condition. The superintendent of the County Home reported 15 inmates and 19 prisoners in his keeping during the month. The clerk of the Recorder's Court reported fines of $187.55, costs $317.20 including jail fees, during the month. The report of the grand jury at the last term of court was read and took the usual course.

The following jurors were drawn for the two weeks' term of civil court which convenes May 30th:

First week—O. G. Coleman, J. C. Walton, M. F. Sellers, S. T. Pender, L. A. Covill, W. M. Godwin, L. L. Whitney, J. C. Vereen, H. K. Holden, L. D. Bradshaw, W. L. Moore, R. C. Fergus, M. Marshburn, O. E. Todd, J. L. Lennon, T. G. Landen, E. S. Bannerman, W. H. Shaw.

Second week—O. L. Browne, J. D. Bellamy, Jr., Jr., H. G. Smallbones, C. F. W. Rehder, A. J. Marshburn, Jno. M. Cazaux, Allen Crumpler, R. B. Moore, A. C. Prince, A. E. Munn, J. W. English, W. P. Cline, W. C. Montgomery, G. W. Reynolds, J. D. Edwards, J. D. Prease, G. W. Runge, S Sneeden.

The list of delinquent and incolectable poll taxes was submitted as returned by the sheriff and the Board spent some time in going over the names, finally taking a recess until Thursday afternoon.

MR. GRAY TO RICHMOND.

Leaves May 15th to Join Editorial Staff of Richmond Virginian.

As will be seen by editorial announcement elsewhere in today's paper, Mr. Robert L. Gray with this issue retires from the editorship of The Morning Star and leaves on May 15th for Richmond, Va., to become chief editorial writer on the Richmond Virginian, the new and promising afternoon paper recently established there. He expects to be there and to take up his work May 15th, in the meantime spending a brief holiday at his former home in Raleigh, N. C. During their brief residence in Wilmington Mr. Gray and family have made a great many friends, who regret sincerely to give them up. Mr. Gray is regarded in the State as one of the most brilliant and resourceful writers on the North Carolina press and his leaving for Virginia will be sincerely regretted by his thousands of readers and admirers, who will wish for him abundant success in his new and larger field.

POLICE & FIRE COMMISSION

Regular Monthly Meeting Held Yesterday Afternoon—Contract for New Uniforms Let to J. W. H. Fuchs—Reports.

The Police and Fire Commission met in regular monthly session in the office of the Commission at the City Hall at 3:30 o'clock yesterday afternoon with Chairman W. E. Springer presiding and Messrs. James F. Woolvin and Wm. A. French, Jr., members of the Commission; Clark John J. Fowler, Chief of Police Williams and Chief Chas. Schnibben, of the Fire Department, in attendance. After the reading and approval of the minutes of the several meetings during April, reports were received from the police and fire departments.

The report of Chief Williams showed that during the month of April 140 arrests were made, 57 whites and 83 colored. Of this number 86 were charged with drunkenness, 36 whites and 32 colored. Chief Schnibben reported that there were 11 alarms durin the month, and a total damage of not exceeding $3,000.

The several bids to furnish Summer uniforms for the police and firemen were opened at a called meeting some days ago, but the matter of award was deferred on account of the absence from the meeting of some of the members. Since then the various bids have been considered by all the members. When the matter was brought up yesterday afternoon, Commissioner French moved that the contract be awarded to Mr. J. W. H. Fuchs, whose bid was the lowest received, the figure being $12.68 for 14 oz. Oswego serge, with no extra cost for service stripes for officers uniforms. The motion prevailed. The contract is subject to the approval of the Board of Audit and Finance. Upon motion of Commissioner Woolvin it was decided that the requisite number of caps for the firemen be purchased, the same to be made of blue cloth instead of serge, and upon motion of Commissioner French the contract was awarded to Mr. Fuchs, whose bid was $1.50. The contracts will go over to the Board of Audit and Finance for action at tonight's meeting.

Mr. M. C. Hammond, general agent for the Kanawha Chemical Fire Engine Company, appeared before the Commission and spoke at some length with reference to a proposition from his company that the city put in use one or both of the combination chemical and hose wagons now at headquarters so as to give the apparatus a thorough test.

Upon the suggestion of Chairman Springer the members present expressed themselves in favor of issuing a statement at the close of the fiscal year showing the work of the two departments during that period.

A communication was read from Mayor Walter G. MacRae heartily endorsing the action of the Commission in its order that members of the police force shall not enter nearbeer saloons except in the discharge of their duties. The Mayor said that this was the rule in Atlanta, Nashville, Richmond, Norfolk and other cities. Mayor MacRae also mentioned the matter of officers attending attractions at the Academy of Music, giving it as his opinion that two officers were sufficient. He also stated that it was not desirable that the officers should accept free lunches at restaurants or gifts of fruits, etc., from street venders. The letter was ordered placed on file.

Upon motion the position of Mr. J. W. Smith, hoseman in Hose Co., No. 3, was declared vacant, he having accepted other employment, and A. D. Byrd, first substitute, was elected in his stead.

LEAVES FOR CHICAGO.

Dr. McClure to Attend Laymen's Convention—Attend Centennial.

Rev. A. D. McClure, D. D., the beloved pastor of St. Andrew's Presbyterian Church, left yesterday afternoon for Chicago where he goes as a representative of the Southern Presbyterian Church to attend the great Laymens' Missionary Congress. Mr. H. W. Malloy, of this city, had also expected to attend, but owing to his serious illness was prevented from attending. While away Dr. McClure will attend the centennial of his mother's church at Bethbirei, Marshall county, Tenn., May 13th to 15th, where he will preach the centennial Bible sermon. The trip of Dr. McClure promises to be a most pleasant and profitable one and he carries with him the sincere good wishes of many friends here on the most pleasant mission which is his.

Funeral of Mrs. Chadwick.

The funeral of Mrs. Joseph Chadwick, whose death occurred Saturday afternoon, was held Sunday afternoon at 4 o'clock from Bladen Street Methodist Church, of which she was a member, conducted by the pastor, Rev. W. L. Rexford, assisted by Rev. Dr. L. L. Nash, of Greensboro. The services were attended by a large concourse of relatives and friends. The interment was in Bellevue cemetery. The pallbearers were Messrs. G. H. Davis, B. C. Moore, T. W. Spencer, J. P. Prease, O. C. Matthews and R. A. Herring.

NAVIGATION AND PILOTAGE

Renewal of Pilots' Branches—Several Protests Entered—Capt. Williams Re-elected Harbor Master—Report of Sounding Committee.

A special called meeting of the Board of Commissioners of Navigation and Pilotage was held yesterday with the following present: Chairman James Sprunt, Commissioners J. W. Harper, M. C. Guthrie and Richard Dosher and Clerk L. Brown McKoy.

The minutes of meeting of April 6th were approved.

The special committee, composed of Commissioners Harper, Guthrie and Dosher, which was appointed at the last meeting, to examine and pass upon applications for renewal of branches, reported that a meeting had been held at Southport, as directed, on April 20th, and that the following named pilots had made application in proper form, with necessary fee and satisfactory bond, and had satisfied the committee that they were entitled to a renewal, namely: E. H. Adkins, J. F. Arnold, R. T. Bensel, A. C. Burriss, H. C. Corlette, J. W. CCraig, M. T. Craig, J. L. Daniels, I. S. Davis, J. W. Mintz, B. F. Newton, J. R. Newton, Walker Newton, W. J. Newton, L. J. Pepper, J. L. Pinner, C. J. Piver, T. M. Savage, C. B. St. George, J. N. St. George, Thos. St. George, Wm. St. George, J. J. Thompson, J. J. Weeks, J. A. Williams, O. D. Burriss, the committee reporter further that these 26 names had been given to the Clerk, with the request that the desired new branches be issued, in accordance with the order of the Board at the last meeting. The Clerk stated that the renewels had been duly issued.

Continuing their report the committee said: "A protest having been filed by Attorneys Cranmer & Davis and C. E. Taylor, Esq., representing M. T. Craig, against the approval of application of Pilot J. J. Adkins for a renewal of license, this committee, after due consideration of the matter, decided to refer the application of Pilot J. J. Adkins to a full Board of Commissioners, to be heard at their regular meeting on the first Monday in May, 1910."

Attorneys Cranmer & Davis and C. E. Taylor, Esq., appeared before the Board in support of their protest against a renewal of the license of Pilot J. J. Adkins. A. G. Ricaud, Esq., appeared for Pilot Adkins, but, inasmuch as the matter had been placed in his hands only an hour before the meeting of the Board, and as he was not fully informed with reference to the facts of the case, he requested, on behalf of his client, that action in the premises be deferred until the next regular meeting of the Commissioners on the first Wednesday in June, in order that he might communicate with Pilot Adkins and secure necessary data. The Board accordingly ordered that action in the matter should be deferred until the June meeting.

The Clerk was instructed to furnish A. G. Ricaud, Esq., with a copy of the protest against a renewal of this lincense, and also to send a copy of this paper to Attorneys Cranmer & Davis and to C. E. Taylor, Esq.

Action upon application from W. T. Haskett, R. W. Davis, S. F. Craig and T. G. Burriss, a renewal of whose license was protested by Attorneys Cranmer & Davis and C. E. Taylor, Esq., was also ordered deferred until the next monthly meeting.

Application was received by the Board from Pilots T. M. Morse and J. S. Sellers, for a renewal of their branches; but, as every pilot had been duly advised by the Clerk that the above mentioned committee (Harper, Guthrie and Dosher) had been appointed by the Board for the purpose of receiving such applications, and as these two applications had not been filed with the committee within the prescribed time, it was ordered that they be held over until the meeting of the Board in June, when definite action will be taken.

Monthly soundings report for April was rendered and ordered filed. The figures were as follows, indicating depth in feet at high water, with a rise of tide of 4 feet 6 inches.

From sea buoy to buoy No. 1, least 26, greatest 30 1-2.

From buoy No. 1 to buoy No. 3, least 26, greatest 30.

From buoy No. 3 to buoy No. 2, least 29, greatest 30 1-2.

From buoy No. 2 to buoy No. 4, least 26 1-2, greatest 29 1-2.

From buoy No. 4 to buoy No. 4 1-2, least 26 3-4, greatest 27.

Quarterly soundings report was also read and approved. Pilot B. F. Newton, who was appointed on this committee, but who did not serve, made a satisfactory explanation to the Board and was excused, it appearing that he had been engaged in piloting a ship at the time the soundings were made. Pilot H. C. Corlette was also appointed on this committee, but did not serve, and the Clerk was instructed to have him report to the Board about the matter.

Capt. Edgar D. Williams was unanimously re-elected harbor master for a term of one year, or until the first Monday in May, 1910, his remuneration to be the same as for the year just past.

There being no further business the meeting adjourned.

A NOVEL INTRODUCTION.

The Dr. Howard Company have entered into an arrangement with J. Hicks Bunting Drug Co., drug store, by which a special introductory offer will be made of 25 cents on the 50 cent size of their celebrated specific for the cure of constipation and dyspepsia.

So remarkably successful has Dr. Howard's specific been in curing constipation, dyspepsia and all forms of liver trouble, that J. Hicks Bunting Drug Co. will return the price paid in every case where it does not give relief.

J. Hicks Bunting Drug Co. has been able to secure only a limited supply, so everyone who wishes to be cured of dyspepsia or constipation should call upon them at once or send them 25 cents by mail, and get 60 doses of the best medicine ever made.

THE RECORDER'S COURT.

Several Cases on the Docket Considered Yesterday Morning.

The Recorder had several cases of more or less interest for his consideration yesterday morning, though the docket was not as large as usual on Monday. Robert Smith, colored, was arraigned on three charges—drunkenness, disorderly conduct and resisting arrest. The defendant, who was represented by Geo. L. Peschau, Esq., admitted that he was drunk, but denied that he was disorderly and resisted the officer making the arrest. The Recorder found him not guilty of resisting arrest, but fined him $5 and costs on the other charges.

George Williams, colored, who engaged in a lively fight with another negro at 13th and Princess streets Saturday afternoon, was in court with a bandaged head, but owing to the absence of witnesses the case was continued until today, the appearance bond being fixed at $50.

James Lowe, colored, on the charge of stealing $1.80 from Lizzie Roberts, colored, at the latter's home at an early hour Sunday morning, was dismissed, having been represented by L. Clayton Grant, Esq.

Henry Bullock and Peter Harvey were found guilty of engaging in an affray in which deadly weapons were used. Harvey was required to pay a fine of $10 and costs, while Bullock was let off with a fine of $5 and costs.

A case against Hartsfield Crandall, charged with assault and battery upon John Williams, was continued until today at the request of Thos. K. Woody, Esq., who represented the defendant.

Robert McNeill and Julia Moore, colored, were tried on the charge of living together illegally. The evidence was not sufficient to support the charge and the defendants were discharged. L. Clayton Grant, Esq., represented the defendant.

MR. H. W. MALLOY VERY ILL.

Taken to Baltimore Sunday Night to Consult Specialist.

Friends in the city and throughout this section of the State will learn with regret that Mr. H. W. Malloy, president of the Navassa Guano Company and one of Wilmington's leading business men, on Saturday morning before day at his home, suffered an acute attack of some very serious intestinal trouble from which he did not rally and as the result of which, after a consultation of his physicians, Dr. Frank H. Russell and Dr. R. B. Slocum, it was decided best to take him to Baltimore Sunday night for a consultation with the eminent specialist, Dr. Finney, as to whether or not an operation would be necessary. Mr. Malloy was accompanied by Dr. Russell and members of the family who joined the party en route, among them being Mr. Malloy's only son, young Mr. Harry Malloy, who is a student at Bingham's School in Asheville.

A telegram yesterday afternoon to Mr. E. T. Taylor, of the Navassa Guana Company, stated that Mr. Malloy had arrived in Baltimore and that his condition was somewhat better. Dr. Fenney advised that the operation be postponed for the present, which is regarded as most encouraging news. Hundreds of friends of Mr. Malloy here and throughout this section sincerely hope that an operation will not be necessary and that he may soon return to his home here restored to health.

SCHOONER WENT ASHORE.

Kimball Grounded Near Cape Fear Bar and Later Came Off.

After going ashore Saturday midnight near the Cape Fear bar where she remained for some 18 hours and later floated without assistance, the schooner Annie F. Kimball, Capt. Southard, arrived in port yesterday from Baltimore with cargo of coal for the Springer Coal Company.

The crew of the schooner and the crew from the life saving station lightered the vessel Sunday morning by jettisoning some 50 tons of coal, causing her to float at high water 10 o'clock Sunday night. She went ashore while making port on the Smith Island range, just north of No. 4 buoy, while in charge of a pilot.

The Seminole and the tug Blanche went down the river to the assistance of the schooner, arriving Sunday morning at about 10 o'clock, but her services were not necessary.

As soon as her cargo is discharged a surveywill be held to determine the damage to the vessel, if any, as a result of running on the shoal.

Real Estate Transfers.

REV. W. H. BUNDY.

Delivered Interesting Lecture at Germania Hall Sunday.

Rev. Walter H. Bundy, V. P. M., assistant to Pastor Russell, of the Brooklyn Tabernacle, Brooklyn, N. Y., delivered a pleasing lecture Sunday afternoon at 3:30 o'clock in Germania Hall to a very attentive audience, his subject being, "Man's Past, Present and Future in the Light of the Bible." He said, in beginning his lecture, that he was not here in the interest of any new denomination or sect, but that his only object was to proclaim a better understanding of the Scriptures. The main theme of Mr. Bundy's address was to the effect that man need not look forward to an endless torment for violating divine laws; that he would be given another opportunity at the resurrection, which will usher in the millienial period of a thousand years, and if he then failed to set himself aright, he would be eternally blotted out. Many passages of Scripture were quoted in support of the various claims made by the speaker.

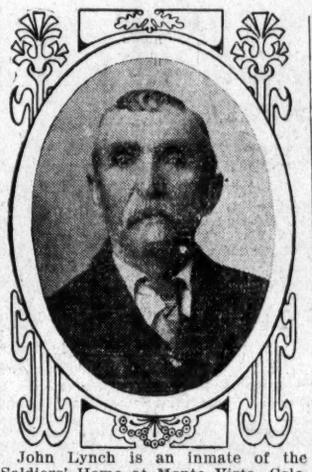
OLD SOLDIER MAKES STRONG STATEMENT



John Lynch is an inmate of the Soldiers' Home at Monte Vista, Colo. In a recent communication, which he desires to be given the widest possible publicity, he says:

"Cooper's New Discovery medicine was a Godsend to me and I am recommending it to my old comrades in the Home here. I had stomach and liver trouble for years. My sleep was so broken that I never got a good night's rest. My entire system became affected. I felt weak and tired out all the time, and was declining rapidly in spite of treatment by doctors and other remedies which I used. For twenty years I took more or less medicine of various kinds, with little benefit.

"I was finally induced to try Cooper's New Discovery, and it has made me sound and well. There is not a sign of liver nor stomach trouble left, and I feel wonderfully strengthened and invigorated."

All the vital organs, the blood and nervous system, the recuperative forces, are supported by the stomach, which is therefore the conservator of life and health. When the stomach has been abused, all sorts of disorders ensue, maladies of most kinds being due to derangement of its functions. Indigestion and dyspepsia are the most common results. The liver becomes inactive, creating biliousness and worse; the bowels become constipated, and their failure to out the fecal matter poisons the entire system. The kidneys also pay the penalty of this neglect—suffering and disease soon gain control.

If your health is not all that it should be, get a treatment of Cooper's New Discovery at once. Don't delay; the germs of disease work all the time. We are agents for the Cooper medicines.—J. H. Hardin.

MARRIAGE OF RICHMOND COUPLE HERE YESTERDAY.

A marriage tinged with romance was performed at the home of Rev. Dr. J. H. Foster, pastor of the First Baptist church, No. 411 Dock street, at 2 o'clock yesterday afternoon, when Miss Rosie Belle Rupp, the very attractive and accomplished daughter of Mr. and Mrs. Augusta Rupp, of Richmond, Va., became the bride of Mr. Albert T. Lane, Jr., a popular and promising young business man of the same city. The event was witnessed by a representative of The Star and members of the minister's family. It was a very solemn and impressive ceremony which linked together the lives of this couple from Virginia. They had never visited this city before and when they left Richmond at 10:30 o'clock Sunday night they did not anticipate such a long journey before the marital vows were spoken. They stopped in Hamlet yesterday morning long enough to learn that a license could not be secured there. Being informed of the many points of interest in and around Wilmington they decided to continue their journey to this city, arriving after 1 o'clock yesterday afternoon. They went immediately to the Register of Deeds' office where the necessary papers were secured. Being a member of the Baptist church the bride desired to be married by a minister of that denomination. A representative of The Star was hailed in passing and he quickly communicated with Dr. Foster, making all arrangements for the happy event celebrated a few minutes later. There was objection on the part of the parents of the bride on account of her age—18 years. She blushingly told that of six children of the family all had married save herself and for that reason her parents desired that she wait until she was 21—three long years! The young couple planned to wed earlier and they were determined to carry out their plans. Late Sunday afternoon the bride left home ostensibly for the purpose of spending the night with a sister in Richmond, but instead boarded a southbound Seaboard train leaving the Virginia capital at 10:30 Sunday night. Mr. and Mrs. Lane were guests yesterday at the Colonial Inn and will leave on the Seaboard this morning for Richmond, Va., where it is believed that they will not only be welcomed but will receive the blessing of the bride's parents, who were informed of the marriage by telegraph yesterday afternoon. Those who met Mr and Mrs. Lane while in this city wish for them a long and happy life of wedded bliss.

LOCAL DOTS.

—The fire department was called out at 9:30 o'clock yesterday morning in response to an alarm from box 17, on account of a blaze at 419 Swan street, house owned by Mr. E. H. Chadwick and occupied by Mr. W. H. Rivenbark. The blaze was caused from a spark from the chimney and resulted in an estimated damage of $15.

—At a largely attended meeting of the congregation of St. Paul's Evangelical Lutheran Church at the close of the morning service Sunday morning it was unanimously decided to extend an invitation to the North Carolina Synod to hold the 1911 meeting in Wilmington. The Synod will meet this week in Albemarle, Stanly county. Rev. W. A. Snyder, the pastor, and A. D. Wessell will represent St. Pauls and Mr. W. W. Koch will represent St. Matthew's Church. They will leave tonight for the meeting. Mr. Snyder will be accompanied by Mrs. Snyder.

DIED.

WILLIAMS—At his home in this city Monday, May 2nd, 1910, CAPT. J. H. WILLIAMS, in the 60th year of his age.

Funeral this (Tuesday) afternoon at 4:30 o'clock from the residence, 415 South Fourth street; interment in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.

CAPT. J. H. WILLIAMS DEAD

Well Known and Highly Esteemed Resident Passed Away Yesterday Afternoon in his Sixties Year —Funeral Today.

Capt. J. H. Williams, veteran steamboat man and esteemed citizen of Wilmington, passed away yesterday afternoon shortly after 3 o'clock at his home, No. 415 South Fourth street, after a lingering illness of several weeks. Although Capt. Williams' condition had been very critical for several days and the end was expected at most any moment, the news of his passing came as a great shock to the family and friends yesterday afternoon.

Capt. Williams was born at Southport Nov. 11th, 1850, and he was, therefore, in the 60th year of his age. He was a man of modest and retiring disposition, but made many friends and lasting ones. He possessed many traits of fine character and his place in the family circle and in marine circles where he was well and most favorably known, will be hard to fill. Capt. Williams had followed steamboating on the Cape Fear practically all his life. Early in life he married Miss Kate Sholar and she with three children survive, Mrs. A. A. Dock and Misses Lillian and Mamie Williams, all of this city, while there are also surviving one brother, Capt. Edgar D. Williams, harbor master of the port, and two sisters, Mrs. Nathan Windsor, of Southport, and Mrs. H. J. Bucher, of Hamilton, Ohio. The sympathy of a host of friends goes out to the bereaved ones in the sorrow that has come to them.

The funeral of Capt. Williams will be conducted at 4:30 o'clock this afternoon from the family residence and the interment will be in Oakdale cemetery.

National Bank of Conway, S. C.

Mr. W. H. Chadbourn, of this city, who now spends much of his time at Conway, S. C., as one of the receivers for the big lumber mill enterprise there, was in the city yesterday and was showing to several friends one of the first of the new bank notes issued by the First National Bank of Conway, recently organized upon a merger of the principal banking interests in that thriving town. Mr. B. G. Collins is president and Mr. D. A. Spivey is cashier. Mr. Chadbourn says there is a wonderful demand for the proposed extension of the Conway train to Wilmington via Chadbourn and he hopes for results on the petition filed with the A. C. L. very soon.

Tug Jones Going South.

The tug Alexander Jones, Capt. Sanders, which has been engaged in towing in New York harbor for the past month arrived at Norfolk Saturday from the former port with two barges in tow. The Jones left Norfolk yesterday for Brunswick, Ga., having in tow a dredge and water boat. The Wilmington tug will return to New York from Brunswick, where it is expected she will remains for several months.

GERMAN STEAMER ASHORE.

Seminole Responded to Wireless Call —Location Unknown.

The revenue cutter Seminole, Capt. R. O. Crisp, responding to a wireless message from the North German Lloyd steamer Roland, Capt. Meyer, ashore north of Cape Hatteras on the North Carolina coast, left port yesterday afternoon at 4 o'clock expecting to receive further advices by wireless, as to the location of the steamer, when she steamed to sea last night.

The wireless message received by the Seminole was as follows: "North German Lloyd steamer ashore on North Carolina coast. About 50 people on board. No immediate danger." The story of the distress of the steamer is told in the telegraphic columns of today's paper.

WINTER PARK HEIGHTS

Wilmington's Most Beautiful Suburb!

As Soon as the First House Is Completed the Building & Loan Associations Will Loan Money on This Property.

Railroad Fare Refunded to Out-of-Town Purchasers.

WE take pleasure in announcing our second and final sale at Winter Park Heights on **Friday, May 6th, 1910,** at 11:00 A. M., when we will dispose of the remainder of these beautiful lots at auction to the highest bidder **absolutely regardless of price.** Your price will be ours at this sale. ¶We sold and delivered 90 lots in 70 minutes at our first sale, and have only 75 left. When these are sold they cannot be duplicated between Wilmington and the beach. We purposely left some of the choicest lots on the plat for our second sale—for the man who failed to attend, but who, if he is wise, will certainly not let this last opportunity slip.

This is the best investment ever offered the people of Wilmington, and a strong testimonial to this tact is the general satisfaction, without a single exception, among the purchasers at our first sale. Ask them. Following are some of the purchasers:

Mr. C. N. Evans, Dr. W. J. H. Bellamy, Messieurs. J. F. Jarman, J. O. Brock, C. H. Fore, Godfrey Hart, E. C. Carrier, D. N. Stanley, D. Rountree, and others too numerous to mention.

These gentlemen believe in the future of the City of Wilmington, and are the men who make for development. Follow their lead especially when buying real estate. They were quick to recognize the natural advantages of this property; that it is high and dry, requiring no drainage, and that it is bound to INCREASE IN VALUE.

Contract has been let by one of the purchasers for the first dwelling, and as soon as it is completed, others will be built. **Watch Winter Park Heights grow.**

Penny Bros. The famous twin auctioneers, will again be with us, and the music will be furnished by Richardson Bros.' fine concert band of Gainesville, Georgia.

The proceeds from the highest priced lot will be donated to the James Walker Memorial Hospital through the King's Daughters.

We absolutely guarantee the title to this property, and defy anybody to show wherein it is defective.

THE COTTON MARKET.

New York, May 2.—The cotton market was very nervous today with fluctuations irregular and the close steady, net 3 points lower to 5 points higher. The opening was steady at a decline of 2 points to one point the near months being lower under disappointing cables, while later positions showed the influence of less favorable weather reports. Trading was not general and the whole list firmed up after the opening on New Orleans bull support of the old crop positions, while the new crop advanced on covering of shorts and rather a better demand through commission houses attributed to fears of lower temperatures in the southwest, complaints of dry weather from the gulf states and private advices from various sections of the south indicating greater damage from the recent storm than the market generally has been prepared to admit. But offerings increased on an advance of about 4 to 8 points, and it looked as though apprehensions of labor troubles in Lancashire were restricting fresh purchases for the time being. At any rate moderate realizing and local bear pressure sent prices off to a shade under the closing figures of Saturday for the old crop months and the new crop lost most of its early advance, but later stiffened up a little on covering and report was a local authority indicating an increase of only 2.9 per cent. in acreage. Private cables state that mill operatives in Lancashire have refused to accept the proposed reduction in wages, but local authorities state their advices lead them to believe that this reduction will not be immediately insisted upon by the spinners. According to the official report 173,900 bales were delivered on contract in New York today. It is reported that freight room has been engaged for 15,000 bales to Liverpool and 2,000 to France. Southern spot markets generally unchanged.

Receipts at the ports today were 8,387 bales against 8,219 last week and 11,187 last year. For the week 70,000 bales against 68,160 last week and 115,096 last year. Today's receipts at New Orleans were 1,203 bales against 3,828 last year.

Spot cotton closed quiet; middling uplands 15.25; middling gulf 15.50. Sales were 173,900 bales.

HUBBARD BROS' LETTER.

Quiet Market Pending Turnover—Crop Damage in Mississippi.

New York, May 2.—A quiet market, pending the turnover of the largest tender on delivery ever made, in the process of which the stock passes into the hands of the bulls and their Southern spinning associates. It is probable that shipments to their mills will begin within a few days. Several Liverpool exporters are here, evidently with the expectation of exporting such cotton as they may be able to buy. Crop accounts from the Mississippi valley report damage from the recent freeze as greater than at first believed possible. The markets are awaiting further developments on the old crop, while the new crop in being closely watched. Local traders expect a somewhat lower Liverpool tomorrow.

THE DRY GOODS MARKET.

New York, May 2.—The cotton goods market was steadier during the day with a broader inquiry and slightly more active buying noted. The auction sales of 84,000,000 worth of rugs and carpets opened most successfully, the goods being taken rapidly and prices ranging relatively higher than any recent sale of the kind in the market. Dress goods are quiet, raw silk is easy. The jobbing trade is light and confined to small lots for immediate consumption.

THE GRAIN MARKET.

Chicago, May 2.—Predictions of freezing temperatures for tonight formed part of an array of influences that nearly neutralized today in the wheat pit, the bearish effect of general rain in the west and southwest. An unexpected large decrease in the visible supply was coupled with a private estimate that total winter wheat yield will be less than 400,000,000 bushels as against 446,396,000 bushels, according to official figures last year. The market closed steady but 1-8 to 1-2c lower than last Saturday night. Corn finished 1-4 to 1 1-8c up, oats 1-8 lower to 3-8c higher and provisions off 2 1-2 to 10c.

THE STOCK MARKET.

New York, May 2.—The undertone of speculation sentiment today remained depressed and discouraged, notwithstanding an apparent lightening of the active pressure of liquidation and signs of hesitation on the part of the shorts about pursuing the downward course of prices with further sales. The bears on account of this feeling were inclined to covered their shorts at few intervals to establish a fresh vantage point from which to attack prices. Hence the recurrent checks to the decline and intermittent rallies. This covering demand from the shorts, however, constituted about the only apparent demand for stocks and there was nothing like an aggressive stand against the crumbling process by attempts to support prices and turn the market against the bears.

Cotton payments in fulfilment of the three day notices sent out to purchasers on Friday were made on a large scale and the regular May interest and dividend payments were somewhat larger than usual.

It is expected that the completion of these settlements will be followed by the return of funds thus related to the money market. It was on the industrial and commercial side that the speculation had to increase under its most depressing influences. These were most acute in the metal group of industrials, especially the coppers Amalgamated Copper broke through the lowest prices touched during the whole of the year 1909. Unsatisfactory demand and accummulating stocks gave force to the rumors of an intended sharp cut in prices of copper in some such spasmodic fashion as iron and steel prices were readjusted more than a year ago.

The speculative temper was inclined to make something of a number of Supreme Court decisions in minor cases as marking a uniform tenor against the corporation contentions. Such comport as was offered by crop advices seemed to be accepted with reluctance. It was commented upon that Pennsylvania suffered to more than the average decline, although the directors refrained from advancing the dividend rate.

Bonds were easy. Total sales, par value, were $2,318,000. United States bonds were unchanged on call. Total sales for the day were 1,090,600 shares.

THE FINANCIAL MARKET.

New York, May 2.—Money on call strong 3 1-2 to 6 per cent., ruling rate 6, closing bid 4 1-4, offered at 4 1-2. Time loans dull and firm, sixty days and ninety days 4 1-4 to 4 1-2 per cent., six months 4 1-4 to 4 1-2. Prime mercantile paper 4 3-4 to 5 per cent. Sterling exchange steady at the decline with actual business in bankers bills at 4.8425 to .50 for sixty day bills, and at 4.8750 for demand. Commercial bills 4.83 3-4 to 4.84 1-4. Bar silver 54 1-4. Animal vs. Vegetable.

There is not a single kind of animal food which we might not replace with a vegetable counterpart. In most cases it is merely a matter of choice which is preferable, the animal or the vegetable. In the matter of cooking fats, however, the vegetable has far the advantage. Lard is made from the fat of hogs,—often impure and unclean, always indigestible. Cottolene comes from the cotton fields of the Sunny South. It makes food that can be digested with ease, even by invalids. Cottolene is recommended by both physicians and noted cooking experts as a much more healthful and desirable cooking fat than lard.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials

Negro Arrested at Rocky Point Not the One Wanted Here.

Chief of Police N. J. Williams received a message yesterday morning that negro answering the description of Jim Glasgow, colored, wanted on the charge of criminally assaulting a 10-year old colored girl Saturday night, had been arrested at Rocky Point. The county authorities were communicated with and Constable W. B. Savage left during the day for Rocky Point by private conveyance. He returned late in the afternoon and reported that the negro under arrest was not Glasgow. Chief of Police Williams spent Sunday in the vicinity of Scott's Hill, former home of Glasgow, searching for the negro, but no clue as to his whereabouts was obtained. The police and county officers and officers throughout this section will continue their search for the negro.

Smallpox Patient at Pest House.

Alonzo Shaw, colored, a servant in the home of Mr. Geo. W. Huggins, No. 412 Market street, is a small pox patient at the pest house, whither he was taken on Friday following an examination by a physician. Shaw had been ill on the premises for four days before it was ascertained that he had small pox. He was confined to the servants' quarters and did not come in contact with any member of the family, but as a matter of precaution, members of the family were immediately vaccinated and left for their country home at Scott's Hill, where they will remain until after all danger has passed.

NORFOLK & SOUTHERN SALE

Passed Into the Hands of New Corporation With Yesterday.

Richmond, Va., May 2.—All of the lines, equipment and other property of the Norfolk & Southern Railway Company which was recently sold under a judgment of the United States Circuit Court today passed into the hands of a new corporation, known as the Norfolk & Southern Railway Company. A charter for the new company was issued by the State Corporation Commission today.

Under the charter which is made perpetual, mortgage bonds may be issued not to exceed $12,000,000. All the stock is common, and no preferred stock is allowed to be issued without the consent of stockholders in possession of not less than three-fourths of the stock.

This action terminates along series of legal proceedings, involving the foreclosure of a mortgage on the property, comprising many miles of road in Virginia and in North Carolina.

KENT CONSUL TO CHINA

Virginia Republican Confirmed by the Senate—Robertson.

Washington, May 2.—The nomination of William P. Kent, of Virginia, to be United States consul, at Newchwang, China, was confirmed today by the Senate.

Mr. Kent was the Republican candidate for Governor of Virginia during the last campaign, having resigned his assignment as consul general at Guatemala in order to make the race.

He was recently appointed consul at St. Johns, N. B., but the berth was not pleasing to him and on representation of Republican leaders in Virginia, the President withdrew the nomination and appointed to the more important Chinese consulate.

William H. Robertson, of Virginia, present consul general at Tangier, also was confirmed, to be consul general at Callao, Peru.

MR. NATHAN BLANTON DEAD.

Young Goldsboro Citizen Dies From Blood Poisoning.

(Special Star Telegram.)

Goldsboro, N. C., May 2.—The death of Mr. Nathan Blanton, 19 years old, occurred here last night after 10 days' heroic struggle against blood poisoning. He is survived by a widowed mother, two sisters and a young wife. He was a member of Company E, and will be given a military funeral this afternoon at 4:30 o'clock, Rev. D. H. Tuttle, of St. Paul M. E. church, officiating.

TWO DEAD AT WINSTON.

Colored Men Caught in Cave-in of Sewer Ditch.

Winston-Salem, N. C., May 2.—Harry Stockton and William Nash, colored, were filled at noon here today in a cave-in of a sewer ditch on Summit street, and three others had a narrow escape.

The earth at this point was very rocky and the bodies were cut in several places. The men were taken out a half hour after the accident.

ALDERMEN MEET IN MAY SESSION

(Continued from Page 1.)

department and defining in a general way the duties of the engineer. The ordinance was adopted as presented with one amendment, this being offered by Alderman West, to the effect that the engineer be required to give $5,000 bond. The first section of the ordinance provided for the election of an engineer at the first regular meeting in May, but this was not done, however, it having been stated by a member that the engineer had already been elected. The salary of the officer was left blank and will be filled by the Board of Audit and Finance. Provision is made to furnish the city engineer competent assistants whenever it becomes necessary in the prosecution of his work for the city, and the salary of such assistants shall be provided for from time to time by appropriations by the Board of Aldermen. The city engineer will be required to do all engineering work in which the city is interested, where the duty is not fixed by law upon some other person, and where work is done for private citizens a regular charge shall be collected and turned into the city treasury. No survey of city lots or streets by any other person than the city engineer shall be valid. The city engineer is given the power to fix the grades, position, etc., of all pipes for gas, water, or sewerage, or tracks for railway, subject to the approval of the Board of Aldermen. The city engineer will be furnished all necessary instruments and he will be required to keep as city property, maps, plots, profiles, drawings, estimates, books, instruments, and other things appertaining to his office. He will be required to establish all street lines and grades and locate any building lots and the building permits must first be signed by the city engineer stating that a survey has been made of the lot on which the building is to be erected. The engineer shall establish stone monuments on each street intersection, and give all grades and levels necessary for the prosecution of any work to be done under the city government. For giving the line on streets for building of houses, walls or fences, the city engineer shall be entitled to charge private persons a fee of $5; for locating corners of squares or blocks, and for surveying a lot $5, and also a fee of $5 for establishing levels or for private drains, payable in advance, which is to be turned over to the city Clerk and Treasurer. The engineer will have oversight over all contractors doing work for the city, oversight of all buildings, dangerous walls, and all other work, of every nature, kind and description pertaining to engineering, and no persons or companies shall lay pipes, make repairs, or do any other work requiring excavation in the streets, without the permission of the city engineer. With the assistance of the police department, he shall see to it that all new buildings, fences, steps, and other obstructions are within the property line.

Upon the suggestion of Alderman Willard the Mayor instructed Chief of Police Williams to send officers to the edge of the city limits in the southern part of the city while the carnival is in progress at Greenfield.

An ordinance making it unlawful for any person or persons, firm or firms, corporation or corporations to sell or offer for sale, any near-beer, beerine, malt, local option beer, or any beverage of any nature, kind or description whatsoever, containing alcohol of any quantity, outside of the city limits of the City of Wilmington and within one mile of the limits of the city, was offered. The ordinance provided for a fine of $50 for each and every violation. Upon objection of Alderman West the ordinance went over until the next meeting.

Capt. John W. Harper, the genial and popular owner of the steamer Wilmington, was given permission to land his boat at foot of Princess street. Capt. Harper explained that he had made arrangements with the Navassa Guano Company by which he would use a portion of its wharfage in exchange for the valuable wharfage recently purchased by him, but not so conveniently located for the public. Capt. Harper offered the city an annual rental of $50. Alderman Bonitz cast the only dissenting vote, taking the position that Princess street wharf should be left open for the wood dealers. Upon motion of Alderman West the wharf at the foot of the Front street market house was designated as a public wharf for the use of wood dealers, etc. Capt. Harper will erect a station at Princess street and otherwise make it an attractive landing place for his handsome boat. The new landing will be much more convenient for the general public, especially those who come up from Wrightsville Beach to take a trip down the river.

Mr. O. M. Fillyaw asked that interest to the amount of about $400 on back taxes be refunded, stating that similar action had been taken for others. City Attorney McClammy gave it as his opinion that the Board of Audit and Finance alone could grant the request and Mr. Fillyaw was referred to that body for the relief sought.

Appropriation for Press.

Alderman Bonitz said that he didn't believe in making appropriations for all the conventions that come to Wilmington and the beach, but thought it well for the city to provide suitable entertainment for the members of the North Carolina Press Association, which meets here June 8th, 9th and 10th. He said that Lynchburg spent annually $17,000 for advertising purposes and recently Savannah, Ga., had made a large appropriation for the same purpose. Several members of the board expressed themselves as heartily in favor of making an appropriation "for advertising purposes." When the question of amount was brought up, Alderfan Willard suggested that $500 be appropriated and this was seconded by Alderman Yopp. As no request had been made of the Aldermen for an appropriation it was decided to appropriate the same amount that was given to the U. T. C. for advertising purposes. The motion of Alderman Willard carried unanimously. If the appropriation is concurred in by the Board of Audit and Finance tonight, as it is thought it will be, the money will be turned over to the chairman of the local press committee to be expended in the manner deemed proper by the committee.

Mr. J. S. Ramos Charges.

Alderman Stone said that charges had been brought by Mr. J. S. Ramos, of the Ramos Typewriter Co., that reflected upon every member of the board and requested Mr. Fowler to read the communication from the Board of Audit and Finance, where the charges were filed. The letter from the board included the communication of Mr. Ramos and asked the Aldermen for an explanation. The charges were to the effect that Mr. Fowler had purchased on his own account an Underwood typewriter for the City Clerk and Treasurer's office and that he had given the city's old Stern's machine in exchange. In concluding his letter to the Board of Audit and Finance Mr. Ramos said that he was willing to appear before the board and produce evidence to substantiate his statements, and it was understood that he was to attend the aldermanic meeting last night, but he was not present. Mr. McMillan, agent for the Underwood, was present and made a statement explaining that he understood early in January that a typewriter was wanted for the clerk's office; that he went to see Mr Fowler; that Mr Fowler told him he wanted an Underwood; that he asked Mr. Fowler to inform him as to what steps to take to secure a hearing before the Aldermen; that he was advised to see Chairman Hall, of the Finance Committee; that Mr. Hall said that if Mr. Fowler wanted an Underwood he could get it; subsequently Mr. Fowler wrote Mr. Hall a letted asking for an Underwood and at a meeting of the Board the matter of purchase was left with the building committee, which asked for or received two bids, one from Mr. Ramos for a Victor and one from Mr. McMillan for an Underwood; the Aldermen accepted the bid for the Underwood, and at a recent meeting the Board of Audit and Finance concurred. Mr. McMillan said that he put the machine in Mr. Fowler's office on trial and that the charges of Mr. Ramos were utterly ridiculous and that he was satisfied that Mr. Fowler had not "purchased the machine" Mr. Hall said that Mr. Fowler wanted an Underwood and that he recommended the purchase of that machine. Inasmuch as Mr. Ramos did not appear to produce the evidence, the Mayor declared that there was nothing before the board.

Mayor MacRae brought up the matter of sending delegates to the second annual meeting of The Carolina Municipal Association, which meets in Winston-Salem in June. Upon motion the Mayor was requested to attend and appoint two members of the board. He appointed Aldermen Ellis and Bonitz.

The board adjourned at 10 o'clock.

LUMBERTON AFFAIRS

Board of County Commissioners—Town Election—Other Notes.

Lumberton, N. C., May 2—The Board of County Commissioners held its regular monthly meeting today, but no business other than the regular routine was transacted. In the absence of Chairman J. W. Carter, Mr. A. R. McEachern presided.

The town election passed off quietly a light vote being polled. The primary which was held last week was equal to an election, and all there was to do today was to ratify the action of the primary.

The boys had lots of fun in electing a manager for a baseball team. A barrel was used for a ballot box, and was in charge of three ball players. Only 141 votes were cast, divided as follows: H. McE. McMillan, 102; M. G. McKenzie, 17; N. J. Thompson, 16; J. A. McAllister, 4, and Irven Jenkins, 2. Mr. Jenkins threatens to contest on the grounds that the vote was not divided prorata. The friends of Mr. Thompson contend that the names of Messrs. McMillan and McKenzie were spelled wrong and should be thrown out, thereby giving the management to Mr. Thompson, he having received the next highest vote.

Contractor Claud Baker closed the contract today for the erection of section houses to be built for the V. & C. S. road, work to begin at once.

The condition of Mr. Prentice Barker who has been in the hospital for several days with a very severe case of fever, is thought to be slightly improved tonight, though still very sick.

PUBLISHER ARRESTED

Charged With Printing Matter Tending to Corrupt Youth.

Richmond, Va., May 2.—Adon A. Yoder, publisher of a weekly pamphlet here, was arrested today on a warrant, sworn out by the chief of police, charging him with printing matter tending to corrupt youth, and will be arraigned in the police court tomorrow.

He was recently convicted in the police court of criminal libel, fined $100, and sentenced to serve 30 days in jail. He appealed to the Hustings court, where he was convicted after a sensational trial and fined $50 and confined in jail for 15 days. The section of the code under which he has now been arrested prescribed a penalty of $200 fine and imprisonment in jail for one year.

GODWIN FOR CONGRESS.

To the Voters of the Sixth Congressional District

I desire to announce that I am a candidate for re-nomination, to succeed myself in Congress, from the Sixth Congressional District of North Carolina.

In making this announcement I feel that I should promise the people, who have heretofore so signally honored me with their loyal support, that if re-nominated I will endeavor to perform the same faithful service in the future that I have in the past.

At some later date it is my intention to render to my constituents some account of my service as their representative, briefly reviewing what I have done and tried to do; what I stand for, and the motives that will characterize my course if re-elected to Congress.

Very respectfully,

H. L. GODWIN.

Clip Your Horses

Before putting them at the spring work. Clip off the long thick winter coat that holds dirt and sweat and causes colds, coughs and other troubles.

Clipped horses dry out quick, they rest well and their food does them good. You can clean them quicker and easier.
